Advanced Customer Premises Equipment 23
Advanced Digital Television System (ADTS) 24
Aeppel, T. 81
*America Online, Inc., Zeran v.* 120
analogue systems, mobile telecommunications 153–5
anti-competitive behavior and concentration, Internet backbone market 47–8
and e-commerce 81–2, 86–7
essential facilities doctrine 222–3
interconnection policies 43–5
and network externalities 46–7, 48–50
and proprietary standards 42, 48–9
telephone industry 39–41
Armstrong, M. 138, 168
ARPANET 29–31
Asymmetrical Digital Subscriber Lines (ADSL) 21
Asynchronous Transfer Mode (ATM) 21
AT&T 137–8, 140, 222–3, 234
auctions for licences 166, 167
online 98
Bailey, J.B. 100–101
Baran, P. 29
Baumol, W.J. 211, 219
Baylis, K. 102
Beesley, M. 200
Berners-Lee, T. 32
brand names
and pricing 133–4
and promotion of e-commerce 78, 80–81, 100
broadband, see Internet access (residential demand) study
Broadband Integrated Service Data Network (BISDN) 21
broadcast regulatory model 112–13
Brown, J.R. 101
Brynjolfsson, E. 101
bundling, see product bundling
business-to-business (B2B) commerce 38, 75–6; see also e-commerce; e-commerce, and industrial organization
cable television, regulatory model 113
capital costs, and technological change 215–17
Carlton, D.W. 99
cellular technology, mobile telecommunications 152–5, 156
Centrex 23
centrifugal technologies 7, 8–10, 22–4
centripetal technologies 7–8, 10–11, 20–22
Cerf, V. 30, 31, 51
Chamberlain, E.H. 96
Child Online Protection Act 124
Children's Online Privacy Protection Act 124
circuit switching 29
Clemons, E.K. 100
Clinton Administration model, Internet regulation 113–14
coxial cable systems 20
common carriers, and regulation 108, 111–12, 115, 118–19
common costs, and cost-based regulation 204–5, 209
communication, importance of 234–5
Communications Act (1934) 119–20
competition policy 116–17
and consumer welfare 220–28
and e-commerce 89, 114
see also network unbundling; regulation; regulation, cost-based; regulation, Internet
competitive markets, characteristics of 80
conduct regulation 40–41
consumer surplus, and market efficiency modeling 93–5
consumer welfare, and regulation 220, 221–8
contestability
definition of 80
perfect, assumption of 211
contracts, electronic 78–9
copyright, protection of 120, 124–5, 196
cost-based regulation, see regulation, cost-based
cost structures, telecommunications services 130–32
credence goods 77, 78
Cremer, H. 163
data communication, development of 8–11, 20–24
