Tables

1.1 Profitability of public corporations and of industrial and commercial companies 34
1.2 Productivity; annual trend percentage changes, 1960–75 36
1.3 Productivity: annual average growth rates, 1948–68 37
1.4 Productivity: annual average growth rates, 1968–78 38
1.5 Productivity: annual average growth rates, 1954–78 39
1.6 Productivity trends, 1978–85: annual trend percentage rates 47
2.1 Industries ranked on the basis of the annual average growth rates in the value of their sales 64
2.2 Ranking based on the average size of the top 15 plants in 1979 74
2.3 Ranking according to the average gross investment per employee 90
2.4 Investment per employee adjusted for current R&D 96
2.5 Sales concentration ratios: 24 industries 103
3.1 Gross output per employee-hour 106
3.2 Deflated net output per employee-year 110
3.3 Gross output per employee-year 114
3.4 Deflated net output per employee-year 118
3.5 Gross output per employee-hour annual growth rates (Fisher indices) 130
3.5A Gross output per employee-hour annual growth rates (Laspeyres indices) 131
3.5B Gross output per employee-hour annual growth rates ((Paasche indices) 132
3.5C Gross output per employee-year annual growth rates (Fisher indices) 133
3.6 Net output per employee-hour annual growth rates (Fisher indices) 139
3.6A Net output per employee-hour annual growth rates (Laspeyres indices) 140
3.6B Net output per employee-hour annual growth rates (Paasche indices) 141
3.6C Net output per employee-year annual growth rates (Fisher indices) 142
### 3.7A Gross output per employee-hour rates (1954–58)  
### 3.7B Gross output per employee-hour rates (1958–63)  
### 3.7C Gross output per employee-hour rates (1963–68)  
### 3.7D Gross output per employee-hour rates (1968–74)  
### 3.7E Gross output per employee-hour rates (1974–79)  
### 3.8A Deflated net output per employee-hour rates (1954–58)  
### 3.8B Deflated net output per employee-hour rates (1958–63)  
### 3.8C Deflated net output per employee-hour rates (1963–68)  
### 3.8D Deflated net output per employee-hour rates (1968–74)  
### 3.8E Deflated net output per employee-hour rates (1974–79)  
### 4.1A US–UK comparative productivity levels (net output, Fisher indices)  
### 4.1B US–UK comparative productivity levels (net output, UK weighted indices)  
### 4.1C US–UK comparative productivity levels (net output, US weighted indices)  
### 4.1D US–UK comparative productivity levels (gross output, Fisher indices)  
### 4.1E US–UK comparative productivity levels (gross output, UK weighted indices)  
### 4.1F US–UK comparative productivity levels (gross output, US weighted indices)  
### 4.2A US–UK productivity gap in 1954 (net output)  
### 4.2B US–UK productivity gap in 1963 (net output)  
### 4.2C US–UK productivity gap in 1967 (US), 1968 (UK) (net output)  
### 4.2D US–UK productivity gap in 1977 (net output)  
### 4.2E Sector arithmetic means in the four comparison years  
### 4.2F Sector rank means in the four comparison years  
### 4.2G Sector and all-industry arithmetic means  
### 4.3A US–UK productivity gap in 1954 (gross output)  
### 4.3B US–UK productivity gap in 1963 (gross output)  
### 4.3C US–UK productivity gap in 1967 (US), 1968 (UK) (gross output)  
### 4.3D US–UK productivity gap in 1977 (gross output)  
### 4.3E Sector arithmetic means in the four comparison years  
### 4.3F Sector rank means in the four comparison years  
### 4.3G Sector and all-industry arithmetic means  
### 4.4A Annual average rates of change of the US–UK productivity gap (not output, Fisher indices)  
### 4.4B Annual average rates of change of the US–UK productivity gap (net output, US weighted indices)

Public enterprise revisited

B.1 Gross output growth: Fisher indices 411
B.2 Rankings of the industries according to their gross output growth in the 1954–79 period: Fisher indices 413
B.3 Deflated net output growth: Fisher indices 414
B.4 Ranking of the industries according to their deflated net output growth in the 1954–79 period: Fisher indices 416
B.5 Derived price indices (Fisher) 417
D.1 Discrepancies between the UK and the US weighted indices, net output ratios 490
D.2 CAO employment estimates 518
D.3 Reconciliation of the UK and US industrial classifications 546
D.4 Proportions of gross output covered by the PPPs 578
D.5 Proportions of total sales of principal products 581
D.6 US–UK purchasing power parities: Fisher indices 606
D.7 US–UK purchasing power parities: US weighted indices 608
D.8 US–UK purchasing power parities: UK weighted indices 610
D.10 Ranking based on the relative US–UK output levels in 1954: net output ratios; Fisher indices 614
D.11 Ranking based on the relative US–UK output levels in 1963: net output ratios; Fisher indices 615
D.13 Ranking based on the relative US–UK output levels in 1977: net output ratios; Fisher indices 617
D.14 Ranking based on the relative US–UK rates of output growth: 1954–77 period, net output estimates; Fisher indices 618
D.16 Ranking based on the relative US–UK rates of output growth: 1954–77 period, gross output estimates; Fisher indices 621
