

List of Tables

1.1	Rates of per capita GDP growth compared	2
1.2	Outstanding Brazilian and Latin American foreign debt	10
2.1	Brazil: Gross domestic product, 1990–99	33
2.2	Brazil: Balance of payments, selected variables, 1990–99	35
2.3	Brazilian manufacturing industry, import coefficients, 1993 and 1996	40
2.4	Brazil: Foreign participation in mergers and acquisitions and purchases of minority stakes in domestic companies, 1990–99	41
2.5	Brazil: Fiscal balance and domestic public debt, 1991–98	44
2.6	Brazil: Indexation and maturity of central government securities	45
4.1	US merchandise imports, by country of origin, selected countries and years, 1979–97	81
5.1	Mexico: Dickey–Fuller and augmented Dickey–Fuller tests on selected variables to estimate long-run import demand, 1967–99	97
5.2	Mexico: Statistical specification of VAR systems to estimate long-run import demand (based on annual data, 1967–99)	98
5.3	Mexico’s long-term import demand, 1967–99 (estimated with Johansen’s cointegration procedures)	100
5.4	Test of the empirical relevance of Thirlwall’s Law (original and extended versions) for the Mexican economy, 1967–99 (based on McCombie’s procedure)	103
8.1	Components of the national balance sheet	143
11.1	Augmented Dickey–Fuller test, 1970–98	228
11.2	Perron’s tests for a unit root, unemployment rate, 1970–98	230
11.3	Johansen’s cointegration test, 1970–98	231
11.4	Normalized cointegration vectors (β') and adjustment coefficients (α)	231
11.5	Change in Spain’s unemployment rate (Δupr); OLS estimates of equation (5), 1970–98	234
11.6	Error correction model of Spain’s unemployment rate; OLS estimates of equation (8), 1970–98	236
