</table>
cost-based approaches, water valuation 227–32
cost function specification, water valuation 214
cost recovery 182–4
   Namibia 77–8
costs
   of averting damage from water degradation 229–31
   of supply
      Botswana 22, 35–6
      Namibia 77–85, 110–11
see also tariffs
Crocodile River catchment, off-stream water valuation 272–5
crop irrigation, see irrigation
crop water-yield response function 258–9
cross-subsidies, Namibia 87–8
Cyprus, irrigation, hedonic valuation 222
damage valuation of water degradation 228–31
data sources
   Botswana 19–24
   Namibia 51–6
   S. Africa 126–8
for water use 172, 174
Davis, J. 226
decentralizing water management, S. Africa 119–20
demand functions derived from water sales 212
demand management 121
demand for water
   S. Africa 263, 265–6
see also water use
diamond mining, Botswana, water efficiency 38–9
Diao, X. 221
direct value added (VAD), off-stream uses of water 273–5
district councils (DCs), Botswana consumption data 23
   supply costs 36
domestic water use 176
   Namibia 69–70
   S. Africa 263, 265–6
valuation, Central America 225–6
double-counting of water values 234–5
drinking water access, Southern Africa 5
dryland farming, water value 261–3
Dubourg, W. 217–18
Dupont, D. 214
DWA (Department of Water Affairs), Botswana 22–3
   water supply costs 36
DWAF (Department of Water Affairs and Forestry), S. Africa 114
   accounting data 125–7
   National Water Resource Strategy 121–2, 125–6
   and water distribution 129
   and water management 119–20
   water use charges 120–21
Dye, P.J. 262
economic contribution of water 179–81
   Namibia 72–7
   S. Africa 152
see also water productivity
economic structure, Southern African countries 187–9
economic value and water services 205–8
efficiency of water use, Botswana 36–9
electricity production, water use, Botswana 24
emission accounts, SEEAW 8
employment
   as economic benefit indicator 181
   indicators, water accounts, S. Africa 152
end users classification 47, 171–4
environment and water accounting 124–5
environmental accounting 7
environmental data, physical water accounts 127
environmental degradation valuation 227–31
environmental–economic profile of water 181
   Namibia 72–4
   and trade 190–95
ephemeral surface water resources, Namibia 60–61
expenditure on water  
S. Africa 150–51, 156–60  
see also costs 

externalities and residual valuation 219

farm income calculation, Namibia 244
Farolfi, S. 267
fishing, water use, Namibia 67
flow accounts 7–8, 9–10
monetary, S. Africa 150–60
physical
Botswana 28–32, 39, 41–3
Namibia 61–72
S. Africa 116–17, 123–5, 126–45

forest plantations, KwaZulu-Natal, water value 261–3
freshwater aquaculture, Namibia 67
freshwater resources, Botswana 16–17
full-cost recovery policy, Namibia 78–9

GDP as economic benefit indicator 181
Gibbons, D. 231
government water use, Namibia 69
groundwater resources
Botswana 16–17, 178
Namibia 56–8, 64, 178
S. Africa 143, 148–50
valuation, production function approach 215
yield, S. Africa 143
groundwater stock accounts
Botswana 26–8
S. Africa 117

Hajkowicz, S. 230
Hardap irrigation scheme, Namibia 240–41
water valuation 250
harvest potential, groundwater, S. Africa 149
Hassan, R.M. 267, 272–3
hedonic pricing 221–2
water valuation, irrigation, Cyprus 222
household water use, see domestic water use
Howe, C.W. 227
hydroelectric power generation, water valuation 232

in-plant water re-use 231
in situ (passive) water uses 124–5
income indicators, water use as 152
increasing block tariff structure, Botswana 34
industrial water use 177–8
Namibia 69
S. Africa 263, 265
institutional sources of supply 5, 170–71, 179
Botswana 18–19, 30–31
Namibia 47, 49–50
S. Africa 129, 131–5
integrated water resources management (IWRM), S. Africa 120
international agreements, perennial rivers 58
international trade and water use 186–96
irrigation
capital costs 218
water use
Botswana 24
Namibia 55, 66–7, 86
water valuation 222, 257–61
hedonic valuation 222
residual value method 217–18
Jordan, fruit crops, residual value method 218
Koundouri, P. 222
KwaZulu-Natal, forest plantations, water value 261–3
labour costs calculation, agriculture 244
labour shadow pricing, water valuation 243
Lall, S. 214
legal rights to water, S. Africa 119
Legget, C. 222
livestock water use
Botswana 23–4
Namibia 54–5
Loskop Dam Irrigation Scheme, water use efficiency 260–61
loss rates, Namibia 70, 72, 87
maintenance expenditure approach 229
manufacturing water use, see industrial water use
MAR, see mean annual run-off
marginal cost of water degradation, Murray River Basin 230
marginal value 208
markets for water 212–13
Masedi, O.A. 17
mathematical optimization tools 220–21
mean annual run-off (MAR)
definition 162
S. Africa 146
mining
economic contribution of water 74, 180
self-providers, water data 56
subsidies, Namwater 82
water use 177
Botswana 24
Namibia 67
monetary accounts 179–84
Botswana 32–9
Namibia 77–85, 88
monetary flow accounts
S. Africa 150–60
SEEAW 8
Mpumalanga, value added (VAD), benefits from agriculture 274–5
municipalities
subsidies, Namwater 83
as supply institutions
Namibia 49
S. Africa 131–2
and water accounts improvements, Namibia 88
water data, Namibia 53, 106–7
water use, Namibia 69–70
Murray River Basin, marginal cost of water degradation 230
Namibia
economic structure 187–9
end-users, classification 171–2
loss rates 70, 72
monetary accounts 77–85
pricing 237
subsidies 81–3, 182–4
supply sources 64–5
supply and use trends 62–4
water accounting, see water accounting, Namibia
water policy 45–6
water productivity 72–7, 176–9
water resources 3–5, 56–61, 178–9
classification 170–71
water use 66–70, 175–9
and trade 190–96, 198
water valuation, agriculture 237–51
Namibia Water Act, see Water Resources Management Act
Namwater 49, 64–5
costs 108–11
loss rates 70, 72
subsidies 81–3
user charges 77, 79, 108–13
water data 51–6
National Water Act (NWA), S. Africa 115, 118–22
National Water Policy (NWP), S. Africa 118
National Water Resource Strategy (NWRS), S. Africa 121–2, 125–6, 127
natural resource accounting 115
Natural Resource Accounting Programme, Namibia 44
Natural Resource Accounting in Southern Africa (NRASA) 116–17
natural sources of water 170
S. Africa 128–9
see also groundwater resources; soil water; surface water resources
Nigeria, groundwater valuation, production function approach 215
NRASA (Natural Resource Accounting in Southern Africa) 116–17
NWRS (National Water Resource Strategy), S. Africa 121–2, 125–6, 127
off-stream uses, water valuation, S. Africa 255–76
Crocodile River catchment 272–5
Olbrich, B. 272
opportunity cost approach, water valuation 231–2
Orange River area, Namibia 239–40
water valuation 249
ownership of water, S. Africa 119

Palmquist, R. 222
Pashardes, P. 222
passive water uses 124–5
per capita water use, Namibia 70
perennial surface water resources, Namibia 58–60, 64
physical water accounts
  asset accounts, see asset accounts
  Botswana 25–32
  flow accounts, see flow accounts, physical
  Namibia 61–72
  S. Africa 126–50
policy implications
  of off-stream water benefits 275–6
  of water accounting
    Namibia 85–9
    S. Africa 160–61
  of water valuation, Namibia 250–51
pollution abatement cost estimation 231
preventive expenditure approach 229
pricing, water, see tariffs
private rights to water, S. Africa 119
production function method, water valuation 213–15
productivity, water, see water productivity
property rights, water 206
providers, see institutional sources of supply
rainfall, Southern Africa 3
recharge, groundwater, S. Africa 148
regional water accounts, need for, Namibia 89
regional water supply and use, S. Africa 139, 143–4
Renzetti, S. 214
reservoir water accounts, Botswana 25–6
residual valuation method 215–19, 241–50
irrigation 217–18, 257
market distortions adjustment 217–18
resources 3–5
  Botswana 3–5, 15, 16–19
  groundwater, see groundwater resources
  Namibia 3–5, 56–61, 178–9
  natural, see natural sources of water
  surface water, see surface water resources
see also sources of water
restoration cost approach 229
reuse of in-plant water 231
revealed preference methodologies 209, 211–23
domestic water valuation, Central America 225
revenue data, DWA, Botswana 22
rights to water, S. Africa 119
Roe, T. 221
run-off, see mean annual run-off
rural communities, Namibia
  subsidies, Namwater 82–3
  supply costs 79, 81
  water data 53–4
  as water suppliers 49–50
Rural Water Supply (RWS), Namibia 49
  supply costs 77, 79
  water data 53–4
rural water tariffs, Botswana 34
scaling of water values 234
Schiffler, M. 218
Schur, M. 260
sectoral efficiency of water, Botswana 36–8
sectoral water consumption, Botswana 31–2
sectoral water productivity 176–9
SEEAW (System of Environmental and Economic Accounting for Water) 7–10
water flow accounts 123–5
self-providers
  Botswana 23–4
  supply costs 35–6
Namibia 50, 88
  agriculture 54–5, 64–5, 86
  mining 56
  and water accounting 86, 88
