

# Acknowledgements

---

We would like to thank FEEM, Milan and ZEI, University of Bonn for financially supporting the two workshops that led to this volume. We thank Marialuisa Tamborra for organizing these two workshops and for her early efforts in developing this volume. We also thank the following individuals for their copy-editing assistance: Andrea Burtaski, Clara Cao, Dong Chen, Susan Chen, Keith Larsen, and Jing Li. We especially thank Luisa Rovetta for her administrative assistance.
