Index

Abbreviations used in the index include:
EE energy efficiency
EJ environmental justice
SWF social welfare function

Aasness, J. 140
access
to decision-making 307–9
to environmental amenities,
inequities 289
age
of head of household and impact of
ecological taxes 156, 159, 160,
163, 165
and noise exposure 209–11
air pollution 299
risk distribution by ethnicity and
poverty 239–40, 242–3
aircraft noise pollution measurement,
Birmingham 205–6
Alavalapati, J. 98, 99
American Council for an Energy
Efficient Economy (ACEEE) 173
Antweiler, W. 233, 243
appliance standards, see energy
efficiency standards
Arora, S. 41
Atkinson, G. 34
Atkinson, R. 222
Atlas, M.K. 232, 235
auctions
compensation determination,
hazardous waste facilities 262–3
permits, distributional impacts 104–6
Austria, hazardous waste facility siting
253–4, 267
Babisch, W. 200
Bacow, L.S. 263, 265
Baden, B.M. 250
Ballestero, E. 219

Baranzini, A. 140, 298
Barde, J.-P. 123
Barker, T. 140
Baum, A. 200
Baumol, W. 37–9, 43, 106
Baxter, J.W. 253
Been, V. 36, 245, 249–50, 272, 288
behavioural response
and energy conservation subsidies
185–6
and impact of environmental policy
41–2, 295–7
Beierle, T.C. 269
Bell, B. 123
Bergman, L. 115
Birmingham noise mapping study
201–23
Blomquist, G. 36
Boerner, C. 245, 250
Böhringer, C. 8
Bork, C. 93
Bostedt, G. 115

Bovenberg, L. 119, 123
Bowen, W. 26
Boyce, J.K. 307
Braathen, N.A. 123
Brainard, J.S. 242
Brännlund, R. 92, 99, 110–11, 125
Brealey, R.A. 178, 183
Broadbent, J. 253
Brooks, N. 239
Burtraw, D. 118
Bye, B. 118
Calmfors, L. 123
Canada
environmental equity, emissions 243
hazardous waste facilities siting 253, 266–7, 268–9
cancer risk distribution around hazardous waste facilities 238–9, 247–8
car use, response to environmental tax 295
carbon taxation and compensation, Ireland 304–5
distributional effects 290–91, 294–5
economy-wide impacts 113–14
price elasticities 99
regressivity 92–3, 291
Carson, R.T. 251, 263
Cason, T. 41
Castle, G. 267
CGE models and environmental impact assessment 114
Chakraborty, J. 240
Chay, K.Y. 298
Chichilnisky, G. 85
child benefits, Germany, distributional effects 161, 163
children, effects of traffic noise 199–200
Christiansen, K.M. 241
clean-up expenditure, and population characteristics 248–9
Climate Change Technology Initiatives (CCTI) 186–9
Coase, R. 263–4
Coase–Becker model 39–41, 43–4
Coase Theorem and siting of waste facilities 256–8
cobenefits of environmental policy 118–19
Coenen, F. 254
collective action
effect on emission reduction 247–8
and siting of hazardous waste facilities 258–9
compensation 7, 51–2, 85
and carbon taxation, Ireland 304–5
and siting of hazardous waste facilities 251, 261–3
Connor, M. 241
consumer benefits, EE appliance standards 174–5
consumer discount rates and household income 181–4
consumption levels and price discrimination 8–9
Cornwell, A. 11, 92, 99
cost of environmental policy 53, 82–3
to households 90–99
cost–benefit analysis 53, 61–6, 305–6
and distributional incidence 61–4
EE appliance standards 173–8
equity weighting 64–5
and income elasticity of WTP 65–6
Coursey, D.L. 250
Creedy, J. 11, 92, 99
Dasgupta, P. 122
Davoudi, S. 222
decision-making
access to information 307–8
and social welfare functions 60–61
demand for environmental quality, and income distribution 9–10
demographic change and hazardous waste facilities 230, 249–51
Dente, B. 268
deprivation
and noise exposure 213–19
and polluting factories 242
see also low-income households; poverty
direct financial effects of environmental policies 10–11, 294
direct regulation, distributional effects 291–2
energy efficiency standards 172–93, 292
discount rates
and EE appliance standards 178–81
and household income 181–4
discrimination, environmental 42
distribution of environmental quality, disparities in 287–90
distributional impacts
and decision-making 60–61
of direct regulation 13, 171–93, 291–2
and fairness 3–6
financial 286, 290–93
