The description and classification of countries and territories in this publication and the arrangement of the material do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations Industrial Development Organization concerning the legal status of any country, territory, city or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries, or regarding its economic system or degree of development. The designation “country or area” covers countries, territories, cities and areas. The designation “region, country or area” extends the preceding one by including groupings of entities designated as “country or area”. Designations such as “industrialized” and “developing” countries and “newly industrialized countries” are intended for statistical convenience and do not necessarily express a judgement about the stage reached by a particular country or area in the development process.
