Handbook of Political Change in Eastern Europe

10.2 Pairwise correlations between four predictors of vote choice: 1992 data above and 2002 data below the diagonal line 318

11.1 Results of EU accession referendums in Slovenia and neighbouring countries 342

13.1 The effective number of electoral (and parliamentary) parties in Bulgaria 412

13.2 Left/right self-placement of party supporters in Bulgaria 419

13.3 Negative attitudes towards Muslims and Gypsies by party preference (%) 423

13.4 Confidence in the EU by party preference in Bulgaria (%) 424

13.5 Predicting left/right self-placement with socioeconomic background variables 425

13.6 Total electoral volatility (%) in Bulgaria in the period 1991–2009 426

13.7 Per cent extra-systemic volatility in the period 1997–2009 426

14.3 Relative strength of cleavages in terms of the explanatory power of their value and structural components 462

14.4 Grounding of values of cleavages in social structure 463

16.1 Multivariate model of party preferences, 1996 539

16.2 Multivariate model of party preferences, 2002 541

16.3 Discriminant functions that differentiate Serbian parties, 2008 542

16.4 Association between socio-demographic variables and authoritarianism with the discriminant functions 545

17.1 National identity in Montenegro (%) 575

18.1 Electoral systems and the number of parties in Macedonia 614

18.2 Effective parties in Macedonia 616

18.3 Interethnic coalition partners in Macedonia, 1992–2011 629

20.1 Selected results of parliamentary elections in Ukraine 702

21.2 Political party fragmentation in Moldova 757

22.1 Nationalities as percentage of Georgia’s population 778

22.2 November 2003 parliamentary elections, reported results (%) 785
Tables and Figures

Figures

2.1 The main historical religious cleavage lines in Eastern Europe 17
3.1 Visualisation of Bartolini and Mair’s three-level cleavage model 37
3.2 Schematic diagram of partial cleavages 41
3.3 Metaphors for understanding lines of competition 43
3.4 Symmetric and asymmetric differences 43
5.1 Share of 100 seats in seven parliamentary elections (1993–2011) by party typology 87
5.2 Salient cleavages in Latvia 94
7.1 Regional dominance of PO and PiS at the county level in the 2011 parliamentary elections 195
8.1 Satisfaction with how democracy works in the Czech Republic 228
9.1 Correlations between attitudes of individuals and their position on the main dimension of party competition 259
9.2 Cleavage characteristics on ethnic issues in Slovakia, 2010 261
9.3 Cleavage characteristics on religious issues in Slovakia, 2010 261
9.4 Cleavage characteristics on economic issues in Slovakia, 2010 261
9.5 Cleavage characteristics on ethnic questions in Slovakia among ethnic Slovaks, 1996 263
9.6 Trendlines of positions of Slovakia’s political parties on key dimensions of competition over time, 1990–2010 265
11.1 Main cleavages in two-dimensional space and party positions on main axes of party competition 352
16.1 Position of Serbian political parties in a two-dimensional ideological space 543
17.1 The Montenegrin party system 589
19.2 Parties voters will never vote for (%) 671
19.3 Right- and left-leaning tendencies in Albanian party manifestos 672
19.4 Citizens’ self-positioning on the left/right scale 673
20.1 Vote for two top candidates in presidential elections in Ukraine: 1991, 1994 (2nd round), 1999 (2nd round) 697
20.2 Share of partisan and non-partisan cabinet members in Romania and Ukraine 711
21.1 Political support for the PCRM, 1998–2011 751
21.2 Per cent very much and much influence on decisions, November 2002–May 2011 755
23.1 Cleavages and partial cleavages according to approximate degree of symmetry and closure 829
