overview 68–70
pre-adaptation exemplars 49–52
Skåne region
Media Evolution 56–9
Mobile Heights 55–6
Packaging Arena, Värmland 51–2
Packbridge 60, 63
resilience (adjacent possibilities) 53–4
Skåne Food Innovation Network 53, 54–5
Sustainable Business Hub (SBHUB) 63–5
Teknopol 56–7, 59–60
Training Regions 65–8
socio-technical systems (STS) 44, 47–8
theoretical perspectives
co-evolutionary multi-level perspective 44, 47
complexity theory 45–6, 47
evolutionary economic geography 46–7
panarchy/resilience approach 44–5, 47
relatedness 46, 48–9
synthesis model 47–8
intangible assets 74, 148
intellectual property rights 56, 259
investment, see innovation index (UK); outward foreign direct investment
Israel 25, 37
Italy 167, 226, 236, 243, 358, 424–5
Japan 144, 268
Jutland 414–16
Jyväskyla 358
Kansai region 144
knowledge economy 233–7, 369, 417, 420
knowledge spillovers 8
centripetal and centrifugal forces 239
changing social capital and 233–7
clusters and 274, 276–7, 279, 287
cross sector 425
regional innovation systems 374–5
search networks and 28, 37–41
standardization and 39
tacit knowledge flows 238–40
Korea 223, 224
Kuo-Ting Li 33–5
labour productivity 84–6, 203, 205–6, 351–2
latecomer firms, see outward foreign direct investment
Latin America 6, 215, 297
learning processes 7, 78, 79–81, 86, 279, 287
LED lighting industry 264
legal services 88–9, 91
less developed countries, see emergent countries; outward foreign direct investment
Li, Kuo-Ting 33–5
‘linkage, leverage, and learning’ (LLL) framework 219–20
Lisbon Strategy 304, 417
local government, see cities in economic crisis (2008)
local production systems
heterogeneous social capitals and 231, 236
Spain 169–71, 176, 178–81
Lombardy 424–5
Madrid 171–2
market concentration trends (Bilbao) 178
market research 78, 79, 80, 86
market shocks 6–7, 256–62
market/system failure 153–5, 160–61, 252
media firms 56–9
mergers and acquisitions 215–16, 225–7
Mexico 342, 346–7, 348, 353
migration 7–8
as a threat/opportunity 236–7, 238–9, 243–4
regional development and 364, 367, 368–9
Taiwan to USA, see search networks
mineral exploration, see knowledge economy
outward foreign direct investment
Monitor Company, Spain 383–4
Motorola 259
Index

multi-level perspective on eco-innovation 44–9, 247–50
multinational enterprises, see outward foreign direct investment

National Development and Reform Commission (China) 270
Nauwelaers, C. 156–8
Netherlands 144
network failure 154
networks, global, see heterogeneous social capitals
New York 358
newly industrializing countries 222
niche innovation and management 248, 414–16
Nokia 257, 259
Nomenclature of Territorial Unit for Statistics 103, 132
OECD countries 343
OECD surveys/reports 18, 73, 100, 106, 322–3, 344, 345, 348, 349, 351, 364, 376
oil crisis (1970s) 323–4
OLI framework 218
open innovation 56, 260, 261
Organisation for Economic Co-operation and Development, see OECD
organisational innovation 78, 80–81, 86
outsourcing 142, 224
outward foreign direct investment as strategy for technological catch-up 224–8
Asia-Pacific region 218–19
global context 223–4
government policy and 220–21, 222
inward foreign direct investment and 219, 265
latecomer firms 221
‘linkage, leverage, and learning’ framework 219–20
MNEs 215–16
outflow percentages 215
technological catch-up 222–7
technological imports 222–3
traditional theories of MNEs 217–18
typology of 215–16
see also foreign direct investment
Overseas Chinese community 35–6
ownership–location–internalization framework 218
Packaging Arena, Värmland 51–2
packaging industry 51–2, 53, 60, 63
Paper Cluster Association, Basque Country 385
participation, see innovative territory development
participatory methodology, see cluster policy evaluation
patents, innovation and economic growth 278, 288
path dependence and interdependence 46, 48, 252
performance analysis 131–2
disparity causes 102, 109–10
economic and innovation 116, 117, 120–24
indicators 73, 94
pharmaceutical sector 221, 225
Philips 56
Pingdi 264–5
Poland 346, 350
Polar Rose 56–7
policy resilience, see European crisis response policy
policy-makers
city crisis management 352–61
actions, schematic view 354–5
central government resources 353
education and human capital 357–8
medium-/long-term planning 359–61
urban innovation 358–9
cluster policy 26, 172–3, 178, 397
decentralization 146
eco-innovation 44, 248, 263, 270
European lack of clear approach 426–8
governance agency, Germany 49–50
industrial development, see industrial policy and economic crisis
innovation policies 54, 95–6, 100, 153–8
institutionalist approach 146–7
institutionalizing venture capital, Taiwan 31–7
internationalization of firms 220–21
intervention 153–5
investment in science and technology 173
open-ended industrial policy 26
regional policies, see regional development and public policies; regional policy, Europe
subsidies 326, 332–3, 372–3, 417–18
transversality 252
politicians 298, 301, 308, 370
polycentric urban regions 144
Portugal 72
Prato district 236
pre-adaptation 45, 49–50, 251–2
production organization, see industrial policy and economic crisis; innovation regions
productivity, see labour productivity and knowledge
property rights 56, 78, 79–81, 86, 106, 189, 278, 288
protectionism 243, 244, 372
public aid 372–3, 384
public policies, see policy-makers
pumps industry 414–16
Qubulus family of platforms 61, 63
R&D
as category of innovation investment 77, 78, 79–81, 89, 90, 95
as filter variable in cluster analysis 278, 283, 287–90, 291
European spending 72
innovation-based public policy and 376–7
Randstad region 144
regional development and public policies 364–81
agglomeration 367, 368
capacity building, proactive 368–9
connectivity 367–8
economic development levels/conditions 365–7
innovation-based 371, 373–6
institutional and player interaction 375
knowledge spillovers 374–5
partnerships and SMEs 376–7
preparation for 378
regional innovation paradox 373–4, 378
tools and implementation 378–80
knowledge-based economy and 369
migration/labour deregulation 364, 367, 368–9
overview 380–81
people- versus place-based 367
public action in relation to established practice 370–73
public aid 372–3
R&D and 376–7
redistribution of resources 369–70
