

Index

Introductory Note

References such as '178–9' indicate (not necessarily continuous) discussion of a topic across a range of pages. Because the entire work is about 'consumer law' and the 'European Union', the use of these terms (and certain others which occur constantly throughout the book) as entry points has been minimized. Information will be found under the corresponding detailed topics.

- access to justice 283–305, 315
