 voice: its role in conflict management (and/ from) 173–92
 the accused party's perspective 179–80
 the conflict-resolver's perspective 180–82
 1: 'process control' role in mediation vs arbitration 181
 2: 'decision control' role in mediation vs arbitration 181–2
 the grievant's perspective 175–9
 1: to alert others to existence of conflict 175
 2: to alert others to 'rightness' of expressed view 176
 3: to solicit perspectives of each disputing side 176
 4: to enhance perceived fairness 176–7
 5: to repair relational tensions 177–8
 6: to resolve conflict – not necessarily in agreement or peace 178
 insights
 1: voice needed to grieve, defend against, resolve conflict 186
 2: shifting roles of grievant, defendant and conflict resolver 186–7
 3: voicer's and receiver's identity often, but not always, known 187
 4: revenge sometimes sought by grievants 188
 5: managing organizational conflict as multi-level phenomenon 188
 6: role of voice in managing conflict 188–9
 the organizational context 182–6
 roles that individuals take are dynamic in organizations 183
 understanding when voice process manifests is crucial 184–5
 voice process as inherently multi-level 184
