remittances as development fund
('savings') 368–9
remittances as maintenance funds
('emic') 366–8
gendered effects of 369–72
sender and receiver relationship
(dyad) 363–6
different behaviours 364
motivation, enjoyment 365
power imbalances 364
senders’ supervision mechanisms 366
types and management of transfer 365–6
remittances through Bayesian networks 376–91
analysis (Spain–Ecuador corridor) 384–9
data 385–8
migrant community in Spain 384–5
migration history 384–9
overview 27, 389–91
results 388–9
existing data 377–8
gender differences and impact 377
models 378–82
remitting profile and family
monetary needs 380–81
stock of migrants in host country 382
structured through expert
knowledge 382–3
transaction costs 381
wage variable and labour profile 381
renan, ernest 89
return migration
as cooperation policy 138
child transfers, see West African
study on child transfer
family-building decisions 453–4,
460–61, 464–7
gender differences 271, 279–81,
283–5, 323
intercultural spouses (case studies) 298–301
knowledge transfer 58
reinterpretation of 210
in Todgha valley 214–15, 220–24
and family reunification
alternative 217
pendulum migration and 209,
224–5, 227–8, 433
utopian/dystopian perceptions
294–5, 302–3
Riffian study in temporary migration 439–50
health care 439–40
migration processes (Nador,
Catalonia and Europe) 442–4
changing gender roles 443–4
history of 442–3
male regrouping 443
overview 449–50
social and familia impacts and
adjustments 440–41
feminine hierarchy and 445
feminine solidarity 446
marriage 446
study focus and methodology 441
temporary female migrations and
care role 446–8
differing care requirements and
locations 447–8
transnational familat 444–5
