This book is the outgrowth of a PhD dissertation project written at the Free University of Berlin, Germany (D 188). I would like to thank Prof. Dr Miranda Schreurs, whose guidance was instrumental for both the project's completion and for its further development and publication. This book has also benefitted from the support of numerous people over the years. I would like to thank PD Dr Lutz Mez, Jim Ralston, Connie Ralston, Tyler Ralston, Jorn Bramann, Renate Hackler, Erich Hackler and Hania Merrill. Finally, and above all, I would like to thank and dedicate this book to Dirk Hackler.
