

# Acknowledgments

---

A project as complicated as a scholarly and professional book requires the cooperation of a group of dedicated and talented people. First, I thank the many proactive people I have met in both work and personal life whose behavior has given me an opportunity to observe the positive effects of proactive personality and behavior. Secondly, I thank the manuscript reviewers including Cary Cooper who saw the merit in this project.

Thank you also to the editorial and production staff at Edward Elgar who helped make this book possible: Alan Sturmer, Madhubanti Bhattacharyya, Diane Wardle and Victoria Nicols.

My family members continue to be a source of encouragement for my research and writing. My many thanks therefore to: Drew and Heidi, Douglas and Gizella, Melanie and Will, Drake, Rosie, Clare, Camila, Sofia, Eliana, Carson, Julian, and Owen. Thanks also to Stefanie for her presence in my life.
