

Acknowledgements

Chapter 1

The authors thank two anonymous reviewers for their important and very helpful suggestions for improvement. We also thank the participants of the Paper Development Workshop at the Technology Transfer Society 2014 Annual Conference. In addition, we thank Katherine Seelman, School of Health & Rehabilitation Sciences, University of Pittsburgh, for her valuable review. Generous support for the Certification Program in Leadership and Ethics (CPL), and for this research, is provided by the David Berg Center for Ethics and Leadership at the Joseph M. Katz Graduate School of Business and College of Business Administration at the University of Pittsburgh through the David Berg Foundation of New York. The Smart Kitchen work is supported by the National Science Foundation, Quality of Life Technology Engineering Research Center (grant no. EEC 0540865) and with resources and use of facilities at the Human Engineering Research Laboratories (HERL), VA Pittsburgh Healthcare System. This material does not represent the views of the Department of Veterans Affairs or the United States government. The authors declare that they have no conflict of interest. No commercial party having a direct financial interest in the results of the research supporting this chapter has or will confer a benefit on the authors or on any organization with which the authors are associated.

Chapter 3

The authors thank Gautam Ahuja, Jenny Kuan, Joanne Oxley, Subramanian Rangan, Robert Seamans, Rosemarie Ziedonis, as well as conference and seminar participants at the 2015 Technology Transfer Society Annual Conference, Baltimore, Maryland, USA for their valuable comments. Ananth Raman provided helpful research assistance.

Chapter 4

This work was supported by the National Research Foundation of Korea (NRF) grant funded by the Korea government (MSIP)

(2013R1A2A1A09004699). Yonghan Ju participated in this research as a graduate research assistant. We are indebted to Professor William Hefley for many insightful comments that improved this manuscript.

Chapter 5

I thank Don Hambrick, Hayagreeva Rao, Heather Haveman, Henry Tosi and Wei Shen for providing helpful comments on earlier versions of the manuscript.

Chapter 7

The author would like to thank Nick Brock for his editorial contributions to this chapter.

Chapter 8

A previous version of this chapter was presented at the 2014 Technology Transfer Society Conference held on 24 October in Baltimore, MD, USA. The authors wish to acknowledge the anonymous reviewers for their comments and feedback that have helped shape this chapter. David Urbano acknowledges the financial support from the projects ECO2013-44027-P (Spanish Ministry of Economy & Competitiveness) and 2014/SGR/1626 (Economy & Knowledge Department, Catalan government).

Chapter 9

Funding for this research was provided by the Economic and Social Research Council (grant no. ES/J500136/1) and the University of Edinburgh Business School. We are also grateful for institutional support from the Holtz Center for Science and Technology Studies at the University of Wisconsin-Madison and the Wisconsin School of Business at the University of Wisconsin-Madison.
