- subsidy reform and renewable energy, in African/Indian Ocean island states 107–123  
 overview 107–108  
 addressing FFRE concerns 120  
 communication and awareness-raising strategy 113–114  
 energy markets with level playing fields 114–115  
 environmental fiscal reform (EFR) 109–111  
 FFRE strategy with binding RE targets 113  
 FFS and RE transition in island states 108–109  
 fiscal space and EFR 120–121  
 instruments to foster stable investment environment and risk reduction 115–117  
 mobilisation of investment 121  
 multi-faceted environmental problems 114  
 policy mainstreaming and FFRE transition roadmaps 119–120  
 protection of vulnerable groups from price increases 112–113  
 regional cooperation and RE transition funding 117–118, 122  
 results on Cabo Verde 116–117, 118  
 results on El Hierro, Canary Islands 111–112
- SMART binding targets 113, 119
- subsidy reporting and reform 111–112
- summary conclusion 118–122
- taxes and instruments to enhance energy efficiency 115
- tax recommendations 110
- tourism tax in Maldives 118
- transition policy packages 114–118
- sustainability
