Acknowledgements

I would like to thank a number of people who have directly and indirectly influenced my thinking on neoliberalism over the last few the years – not that they are in any way responsible for the contents of this book. I take full responsibility for that alone. Thanks to Larry Busch, Peggy Chiappetta, Brett Christophers, Steve Fuller, Bob Jessop, Les Levidow, Julie MacLeavy, Philip Mirowski, Vlad Mykhnenko, Sean Phelan, Matti Siemiatycki, Simon Springer, Katherine Trebeck, and David Tyfield. I would also like to thank Matthew Pittman at Edward Elgar for his editorial advice and help, the anonymous reviewers for their suggestions, and the various people who made comments on Academia.edu. A special thanks to my cousin Sam who showed unstinting support during my ‘writing’ of this book. Finally, and as always, I owe most to Sheila and Maple for making life fun again after long days staring at the computer screen, sometimes in confusion, but mostly in a daze.
