In the minds of some, complying with the U.S. Foreign Corrupt Practices Act and related laws is easy: “you just don’t bribe.” The reality, as sophisticated professionals should know, is not so simple and this book is for professionals across various disciplines who can assist in risk management and want to learn strategies for minimizing risk under aggressively enforced bribery laws. This book elevates knowledge and skills by: (i) highlighting legal authority and other sources of information relevant to bribery laws; (ii) guiding readers through various components of compliance best practices from the fundamentals of conducting a risk assessment, to effectively communicating compliance expectations, to implementing and overseeing compliance strategies; and (iii) allowing readers to assess their acquired knowledge through various issue-spotting scenarios and skills exercises.
