

# Acknowledgments

---

We are grateful to Dr. Gary Anderson, Professor Irwin Feller, Professor John Scott, Dr. Greg Tassej, and Professor Martijn van Hasselt for their helpful comments and suggestions on earlier drafts of this book.

We also thank Chuchu Chen, then of the University of North Carolina at Greensboro, and Brian Lim, of RTI International, for their expert research assistance throughout this project.

We are, of course, responsible for all remaining errors or omissions.
