Tables

2.1 Firm concentration within the wine industry, selected Old World and New World countries, 2000 17
2.2 Prevalence of wine cooperatives in the European Union, 2000 18
2.3 Shares of major regions in world wine production and consumption volume and in value of exports and imports, including and excluding intra-European Union trade, 1988 and 2001 19
2.4 Shares of exports of major wine exporters going to various wine-importing regions, by value, 2001 23
2.5 Growth in vine area and wine production, consumption and export volume and value, major regions, 1990–2001 24
2.6 Volume of wine production and consumption per capita, trade orientation, and price of exports, by region, 1988–90 and 2001 28
2.7 Projected change in producer prices and output, selected countries, 1999–2005 39
2.8 Decomposition of the projected changes in producer prices and outputs in Australia’s premium wine industry, 1999–2005 40
2.9 Decomposition of the additional effect on premium grape and wine producer prices of assuming slower global economic growth, % difference in 2005 42
A2.1 Summary of the world’s wine markets, 1999–2001 47
A2.2 Other key indicators of the world’s wine markets, 1999–2001 50
A2.3 Value of wine exports to various regions, 1999–2001 53
A2.4 Value of wine imports from various regions, 1999–2001 54
3.1 Vineyard and wine production, France and other wine-producing countries, 2001 60
3.2 French regional red and rosé wine production, 2000 62
3.3 French regional white and sparkling wine production, 2000 63
3.4 Indications of French wine production and exports, 1990–2001 65
3.5 Major multinational companies involved in international wine trade, 2000–2001 67
4.1 Wine grape and wine production, wine grape area and wine exports, Italy, 1861–2001 75
Tables

4.2 Foreign trade in wine, Italy, 1870–1999 77
4.3 Shares of major countries in wine exports, and export prices, Italy, 1969–99 79
4.4 Shares of different wine types in the volume of Italian exports, 1981–96 81
4.5 Wine-growing farms and wine grape area by region, Italy, 1997 85
4.6 Winemakers by type, Italy, 1998 86
4.7 Wine production by type, Italy, 1998 87
4.8 Italy’s shares in selected countries’ wine imports, 1991–2000 91
5.1 Area planted to vines, wine production and wine consumption, Portugal and Spain, 1990–2001 101
5.2 Wine exports and imports, Portugal and Spain, 1990–2001 107
6.1 Vineyard area and yields, Germany, 2000 113
6.2 Winegrape varieties, Germany, 1990–2000 114
6.3 Wine exports, Germany, 1970–2000 114
6.4 German wine exports, by country of destination, 1999 115
6.5 German wine imports, by country of origin, 2000 117
6.6 German wine imports, by quality, style and colour, 2000 118
6.7 Beverage consumption, Germany, 1996–2000 119
6.8 Consumer buying trends, Germany, 1995–2000 120
8.1 Shares of wine, beer and spirits in total alcohol consumption, Nordic countries and France, 1953–2000 144
8.2 Wine consumption, Nordic countries, 1999 and 2000 147
8.3 Travel import allowance quotas for wine, Nordic countries, 2001 and 2004 148
8.4 Wine taxes, Nordic countries, 2001 151
8.5 Import market shares by country of origin, Nordic countries, 2000 152
8.6 Average import prices of EU wine into Nordic countries, 1993 and 1999 154
8.7 Average import prices of red wine, Nordic countries, 1999 155
8.8 Retail prices of wines, Nordic countries, 2001 156
8.9 Retail prices of specific wines, Nordic countries, 2001 157
9.1 Production and exports of wine, Central and Eastern European wine-producing countries, 1999 162
9.2 Consumption of wine per capita, selected CEECs, 1989–2001 167
9.3 Household consumption of wine and other beverages, by decile income groups, Bulgaria, 1998 168
9.4 Wine exports and imports, selected countries, 1992 and 2001 176
9.5 Bulgaria’s exports of bottled and bulk wine to various regions, 1993–2000 178
10.1 Wine consumption, by type and source, USA, 1950–2002 191
10.2 Wine production and consumption, USA and Canada, 1988–2001 193
11.1 Development of the wine sector, Chile, 1979–2001 214
11.2 Area of wine grape vineyards, by variety, Chile, 1994–99 215
11.3 Development of the wine sector, Argentina, 1979–2001 218
12.1 Regional distribution of grapevines and of wine output, South Africa, 2002 240
12.2 Cultivar composition of vines and wine grapes crushed, South Africa, 2002 241
12.3 Net change in area planted to different grape varieties, South Africa, 2000 and 2002 243
12.4 Average prices for bulk sales of ‘good wine’, South Africa, 1992–2002 244
12.5 Index of prices of various grape varieties sold for winemaking, South Africa, 1997–2002 244
13.1 Value of five top agricultural exports, Australia, 1988–2003 254
13.2 Booms and plateaus in the development of Australia’s wine industry, vintages 1854–2003 257
13.3 Australian wine export volumes to key markets, by price ranges, year ending June 2003 266
13.4 Projected changes in wine output and producer prices, world and Australia, 1999–2005 268
14.1 Trade policy and other regulatory changes affecting wine industry expansion, New Zealand, 1958–2001 291
14.2 New Zealand wine exports to key markets by export price, 2001 294
14.3 Sales in super- and ultra-premium market segments in the UK, the USA and Australia, actual 2000 and projected 2006 300
15.1 Volumes and values of wine imports and exports, China, 1995–2001 312
15.2 Consumption of alcoholic beverages, Japan, 2000 316
15.3 Value of wine imports by type, Japan, 1990–2000 317
15.4 Sources of bottled wine imports, Japan, 1990–2000 318
15.5 Volume, value and unit value of imported wines, by source, Japan, 2001 318
