Being and non-being create each other.
Difficult and easy support each other.
Long and short define each other.
High and low depend on each other.

Therefore the Master
acts without doing anything;
and teaches without saying anything.
Things arise and she lets them come;
things disappear and she lets them go.
She has but doesn't possess,
acts but doesn't expect.
When her work is done, she forgets it.
That is why it lasts forever.
