telecommunications sector
  Germany 64
  UK 61–2
independence of regulators 111
information asymmetry
  and non-compliance 129–31
  telecommunications regulation, UK
  101
information exchange 92–3
institutional isomorphism and
  business–regulator relations 94
issue networks 100

judiciary, role in competition law 200–202

Justice, European Court of 183–209

liberalisation
energy sector 24–34
rail sector 34–43
and regulatory change 3–4
telecommunications sector 18–24

managing implementation, see implementation of regulation

market-correcting regulation, European Court of Justice 183–209

market structure, effect on monitoring 135–6

market sustaining administrative costs 55, 57–9
electricity sector, Germany 71
rail sector
Germany 77, 79
UK 74
telecommunications sector
Germany 63–4
UK 60–61

Merci case 188

mimic isomorphism and business–regulator relations 94

ministerial influence, see government influence on regulatory regimes

Ministry of Economics, Federal, see BMWi

Ministry for Postal and Telecommunications, Germany (BMPT) 21–2

Mitchell, C. 151

MMC (Monopolies and Mergers Commission), see Competition Commission

monitoring contracts, see implementation of regulation

monitoring, in principal–agent relationship 121

Monopolies and Mergers Commission (MMC), see Competition Commission

Müller, W. 72

multiple regulatory authorities rail 128, 134–5, 141

telecommunications 97–8
multiple sectoral structure, and compliance monitoring 135–6, 142

NARA (Negotiated Network Access Regime Agency) 33

national courts
and proportionality assessment 207–8
and public mission exception 189–90

necessity test

Gas and Electricity Monopolies cases 194–5

and public mission exception 193–4

Negotiated Network Access Regime Agency (NARA) 33

negotiated Third Party Access (nTPA) 113–14

NETA (New Electricity Trading Arrangements) 164–5

Network Rail 132, 133–4

New Electricity Trading Arrangements (NETA) 164–5

New Labour reform of renewable energy policy, UK 162–70, 178

NFFO (non-fossil fuel obligation) 151–7

non-compliance, rail sector 129, 137–9

non-fossil fuel obligation (NFFO) 151–7

non-market value, universal services 204–7

normative theory of administrative change, and administrative costs 55

nTPA (negotiated Third Party Access) 113–14

OFCOM (Office for Communications) 19–20

OFFER 25, 70

Office of Fair Trading, see OFT

Office of Gas and Electricity Markets, see OFGEM

Office of Rail Passenger Franchising (OPRAF) 35–6

Office of Rail Regulation (ORR) 35, 37–8, 76–7, 78, 132

Office of Telecommunications, see OFTEL

OFGAS 25

OFGEM (Office of Gas and Electricity Markets) 25, 8, 112, 169
administrative costs 69–70
OFT (Office of Fair Trading)
and energy regulation 112
and rail regulation 38
OFTEL (Office of Telecommunications)
19–21, 62, 101
access to regulation 97
relationship with EU regulators 99
OPRAF (Office of Rail Passenger Franchising) 35–6
ORR (Office of Rail Regulation) 35, 37–8, 76–7, 78, 132
pension schemes and EU competition law 197–9
photovoltaic power, Germany 175
planning regulations and wind power
Germany 162
UK 155–6
political influence, see government influence on regulatory regimes
principal–agent theory
and incentivisation 55–6
and regulation 120–25
proportionality principle 187–8
and competition law 197–200, 202–3
and national courts 207–8
and public mission exception 190–94
Prosser, T. 38, 149
public-mission exception, competition law 184, 186–99
