Index

The following abbreviations are used in the index:
SITE: Small Island Tourism Economics
TSA: Tourism Satellite Account

tourism forecasting model 45–7, 50–52
bed number, as indicator of management expenses 258
Belize City, World Bank project 238
Bell, R.A. 254
Bennett, J. 61
Berndt, E.K. 46
Bhutan, tourism tax 207
Bigano, A. 178
biodiversity loss indicators, ESEPI framework 168
Bollerslev, T. 31, 41
borrowing difficulties, SITEs 37
Bricker, D.L. 254
Briguglio, L. 34, 36
Brunstad, R.J. 61
Burkina Faso, World Bank project 245–6
Bwindi Impenetrable National Park, World Bank project 247–8
Cahill, S. 204–5
Cammarrota, M. 125
Canada, impact of climate change on tourism 177
capital formation, tourism industries, TSA tables 158–61
Charnes, A. 254
choice experiment and tourism expansion planning 288–9
Luang Prabang 291–305
Christie, I. 228–9, 231
Clark, C. 73
climate impact on tourism 175–6
Italy 181–2

Abegg, B. 176
Abu Soma, Egypt, World Bank project 237, 238
accounting frameworks for sustainable tourism 104–24
adaptive behaviour 191–2
Addo Elephant National Park, World Bank project 247
AFEST (Accounting Framework for Ecologically Sustainable Tourism) 120–22
Africa, economic impact of tourism 228–9
Agnew, M. 176, 177
agriculture, impact of tourism boom 87–100
aid and SITEs development 37
air pollution
indicators, ESEPI framework 166
tourism share 124, 203
allocation of land, and tourism growth 74–8
Amelung, B. 177
America, North, impact of climate change on tourism 176–7
Anderson, R.I. 254
Armstrong, H.W. 33, 34, 36
asymmetric models, tourist arrivals 44 autoregressive conditional heteroscedasticity (ARCH) model 41–4
balance of payments, impact of tourist numbers 38
Balearic Islands, tourist eco-tax 205–7
Banker, R.D. 254
Barbados
international tourist arrivals 39–41
climate change  
impact on tourism 173–4, 176–90  
indicators, ESEPI framework 167  
coastal zone pollution indicators,  
ESEPI framework 168–9  
conditional volatility, tourist arrivals,  
SITEs 30–32, 39–53  
congestion costs of tourism 201–3  
Coral Reef Rehabilitation project,  
Indonesia 245  
Corden, W.M. 101  
Costa Rica  
Biodiversity Resources Development Project 244, 248  
eco-markets project 245  
costs of tourism 87, 227  
Crespi, J. 177  
Croatia  
eco-tax 210–19  
tourism 208–10  
Croes, R. 200, 220  
Crompton, D. 228–9, 231  
Crouch, G.I. 200  
cultural heritage, impact of tourism 204, 236  
Cyprus  
international tourist arrivals 39–41  
tourism forecasting model 45–6, 48, 50–52  
data envelopment analysis (DEA) 254–67  
Davies, T. 204–5  
de Freitas, C.R. 175, 176  
De Haan, M. 111  
DEA (data envelopment analysis) 254–67  
Deiva Marina, efficiency of tourism management 260–63  
demand for tourism and environmental quality 199–201  
forecasting of 30–32, 45–53, 174–5  
destination image, role of climate 175–6  
development aid, SITEs 37  
Ding, C.G. 37  
discharging, and environmental degradation 69–72  
Dittman, D.A. 254  
Dixon, J. 204, 234  
domestic supply and internal tourism consumption, TSA tables 144–55  
domestic tourism consumption, TSA tables 130–33  
Dominica, tourist eco-tax 207–8  
Dominican Republic  
room price determinants 275–87  
tourism impact, World Bank project 239  
tourism industry 269–75  
Dommen, E. 34  
Drake, L. 61  
Dutch disease 101  
Easterly, W. 8  
Easterly–Kraay (E–K) Small States Dataset 9, 26  
ecologically sustainable tourism, accounting framework 104–24  
economic impact of tourism 87–99, 204–5, 227–32  
economic theory studies, climate change and tourism 177–8  
eco-taxes 5–6, 198–201, 205–8, 210–20  
impact on tourist economy 199–201  
visitor survey, Hvar 214–19  
EGARCH model 44  
employment hotels 231  
impact of tourist numbers 38  
tourism industries, TSA tables 156–7  
Engle, R.F. 31, 41  
Englin, J. 177  
environment challenges to tourism,  
Dominican Republic 272–4  
environmental accounts 113–17  
environmental impact of tourism 69–79, 118–20, 201–5, 234  
Dominican Republic 273  
Hvar, Croatia 210  
indicators, ESEPI framework 166–72  
environmental quality  
impact of eco-tax 199–200  
and tourism demand 200–201  
environmental sustainability, see sustainable development; sustainable tourism
