Figures and tables

FIGURES

7.1 The ownership structure of the Brazilian steel industry in 1997 165
7.2 CSN’s ownership structure, 2000–2001 171
7.3 BNDES loans to the steel industry as a proportion of total sector investment, 1957–2001 172
11.1 Number of firms by output classification, start-up capital and year of start of business 255

TABLES

2.1 The correlation coefficients between the institutional indicators 19
2.2 Summary statistics 25
2.3 Correlation coefficient matrix 26
2.4 Cross-country analysis of the determinants of economic growth 28
2.5 Alternative cross-country analysis of the determinants of economic growth 30
3.1 A summary of key terminology 44
6.1 Brazilian regulatory agencies: summary data 120
6.2 Regulatory incentives 121
6.3 Formal safeguards of Brazilian regulatory agencies 123
6.4 Accountability of Brazilian regulatory agencies 125
6.5 Judicial interventions in the privatization process, 1991–97 127
6.6 The main decisions taken by Brazilian regulatory agencies 129
6.7 Regional distribution of telecoms operators 134
6.8 Regulatory agencies in selected countries: a comparative summary 144
7.1 Privatization of the big steel companies in Brazil, 1991–94 158
7.2 Expected and actual performance of Brazilian steel companies post privatization 162
7.3 Ownership changes in the Brazilian post-privatized steel industry, by category, 1993–2002 168
Figures and tables

9.1 Largest investments in water services in developing countries, 1990–2002 200
9.2 Types of private water and sewerage projects in developing countries, 1990–2002 201
9.3 Performance ratios in African water utilities, 1999–2001 204
9.4 A summary of the DEA 207
9.5 Variables in the stochastic cost function 209
9.6 The error component (EC) and technical efficiency effects (TEE) results 209
9.7 The main international firms involved in water concession bidding 213
9.8 Testing for the importance of regulation 215
11.1 Firm size according to economic activity output classification 256
11.2 Characteristics of firms 259
11.3 Sources of start-up capital for firms 261
11.4 Previous occupation according to age of firm owners 262
11.5 Export performance 263
11.6 Measuring firm performance I 264
11.7 Measuring firm performance II 265
11.8 Regulations according to the current number of paid employees 267
11.9 Regulations: compliance, benefits and support services 268
11.10 Major regulatory constraints of SMEs 269
12.1 Telkom’s access and penetration rate 290
12.2 Telkom’s subscriber base 292
12.3 Telkom’s mobile phone subscriber base 292
12.4 Telkom’s long-distance to local call ratio 294
12.5 Telkom’s residential tariff rates 296
12.6 Telkom’s financial performance, 1993–2004 296
12.7 Telkom’s productivity indicators 298
