

Tables

2.1	Gross decomposition results, 1980–2000	15
3.1	Industry output, value added and employment, 2000	31
3.2	Growth of industry output by sub-period	33
3.3	Growth of output and intermediate inputs, 1980–2000	36
3.4	Growth of capital input, stock and quality, 1980–2000	44
3.5	Growth of labor input, hours and quality, 1980–2000	51
3.6	Sources of growth of industry output, 1980–2000	54
3.7	Sources of growth in industry labor productivity, 1980–2000	62
3.8	Contribution of industry capital input by sub-period	64
3.9	Contribution of industry labor input by sub-period	65
3.10	Contribution of industry energy input by sub-period	66
3.11	Contribution of industry materials input by sub-period	67
3.12	Growth of industry total factor productivity by sub-period	68
3.13	Growth of industry labor productivity by sub-period	70
4.1	Transformation of production and employment pattern, 1978–1999	78
4.2	Average annual contribution of each sector to structural transformation	79
4.3	Changes in tariffs, taxes and non-tariff barriers, 1986–1996	85
4.4	Tariff and its structure in China	86
4.5	Growth of trade	87
4.6	The values of export of goods and services classified by Chinese manufacturing industries in 1973–1992	88
4.7	The ratios of export in each industry to the export in total manufacturing, 1985–1995	89
4.8	Direction of China's trade (export)	90
4.9	Distribution of FDI by economic sectors in manufacturing	93
4.10	Share of China's exports and imports in GDP	93
4.11	Classification of industries by annual rate of growth of output and productivity	104
4.12	The Domar aggregation TFP index	105
4.13	Classification of industries by annual rate of growth of three input categories	107
4.14	Predominant source of output growth among 33 industries	108

4.15	Primary source of output growth in 33 industries	108
4.16	Sources of output growth	108
5.1	Characteristics of Korean database for KLEM model	122
5.2	KLEM data in Korea (1984–2002)	126
5.3	Gross output growth accounting of TFP in whole industry in Korean economy	127
5.4	Gross output growth accounting of TFP in manufacturing	129
5.5	Gross output growth accounting of TFP in services	130
5.6	Value-added growth accounting of TFP in whole industry	132
5.7	Sectoral growth of TFP (gross output growth accounting: 1984–2002)	134
5.8	Investment in IT sector	135
5.9	The growth of labor productivity	135
5.10	Trends in productivity and capital–output coefficients in Korea (1984–2002)	136
5A.1	Input–output tables for Korea	138
5A.2	Reclassification of I/O tables into 33 sectors	139
5A.3	Reclassification of national accounts into 33 sectors	142
6.1	The growth of real total output by industry (1981–1999)	157
6.2	The growth of capital input by industry (1981–1999)	158
6.3	The growth of labor input (1981–1999)	159
6.4	The growth of energy input by industry (1981–1999)	161
6.5	The growth of intermediate input by industry (1981–1999)	162
6.6	Total factor productivity (1981–1999)	163
6.7	Contributions of inputs and TFP to sectoral output growth in Taiwan	165
6.8	International comparison on TFP growth among US, Japan and Taiwan (1980–2000)	173
6A.1	Property compensation by sector	177
6A.2	The concordance between 160 sectors in I/O table and 34 sectors in ICPA project	179
6A.3	160 sectors in I/O table of Taiwan	180
7.1	PPPs and relative prices of industry output in Japan, South Korea and Taiwan relative to the United States, 1997	190
7.2	ICOP PPPs in agriculture, 1997	192
7.3	ICOP PPPs in mining, 1997	193
7.4	PPPs for construction in Japan and South Korea, 1997	193
7.5	PPPs for construction in Taiwan, 1997	193
7.6	PPPs for manufacturing, 1997	196
7.7	PPPs for transportation, 1997	199
7.8	PPPs in communication, 1997	200
7.9	PPPs for electricity and gas, 1997	201

7.10	ICOP PPPs in wholesale and retail trade, 1997	203
7.11	PPPs in finance, insurance and real estate, 1997	205
7.12	PPPs in private services, 1997	207
7.13	PPPs in public services, 1997	208
7A.1	Numbers of matches and coverage ratios by industry	209
8.1	Relative output price (original data)	220
8.2	Relative output price	222
8.3	Relative energy price	223
8.4	Relative material price	224
8.5	Relative labor price	225
8.6	Relative capital price	227
8.7	Relative total factor productivity	228
8.8	Economy-wide relative prices and TFP	229
8.9	Manufacturing relative prices and TFP	229
8A.1	Classification of industry	235
8A.2	Labor input	236
8A.3	Capital input	236
