

## Figures

---

3.1	SME life cycle and growth	58
5.1	Post-entry TFP performance (in %)	82
5.2	Post-entry TFP performance, by life duration (in %)	83
6.1	Total R&D expenditures for European electric utilities, 1980–2007	103
7.1	The technological trade-off	145
7.2	Firm 1 has a cost disadvantage at its own location	146
7.3	Firm 1 has a cost advantage at its own location	147
7.4	Equilibrium types for non-decreasing returns to specialization	150
7.5	Equilibrium types for decreasing returns to specialization	153
7.6	Equilibrium of type SI	154
7.7	Equilibrium of type AI	154
7.8	Equilibrium of type AE	155
7.9	Optimal solutions for non-decreasing returns to specialization	159
7.10	Graph of $H(\tau, 0.52)$ (thin) and $H(\tau, \hat{\rho})$ (thick)	167
10.1	Distribution of estimated $\beta$ : regression by product	222
10.2	Distribution of estimated $\beta$ : regression by destination	224
10.3	Distribution of estimated $\beta$ : weighted regression by product	229
10.4	Distribution of estimated $\beta$ : weighted regression by destination	230
