

Acknowledgments

I am immensely grateful to Fred Lee, Randall Wray, James Sturgeon, Deborah Smith, Max Skidmore, and Fadhel Kaboub who have commented extensively on the manuscript.

Also, S. Charusheela, Colin Danby, Mathew Forstater, John Henry, Jan Kregel, James Galbraith, and Charles Whalen have provided valuable comments on various parts of the book which I presented at conferences.

I would also like to acknowledge the additional valuable academic support I have received during the writing of this manuscript from Shakuntala Das; Gary Dymksi; Rajani Kanth; Geoffrey Hodgson; William Waller; Charles Whalen; the Fisher Center for the Study of Women and Men under the directorship of Betty Bayer; the Veblen 150 Prize committee from the European Association for Evolutionary Political Economy and the Association for Evolutionary Economics; and my colleagues at the Economics Department in Raj Soin College of Business at Wright State University.

Finally, I am grateful to those who have been close to me as friends and family while thinking about, dreaming of, and writing this book.
