

List of Figures

1.1	OECD Statutory Corporation Tax Rates 1982–2004	8
1.2	OECD Corporation Tax Revenue as a Percentage of GDP 1965–2004	10
1.3	Corporation Tax, Profit and GDP Growth Rates	15
1.4	Corporation Tax Buoyancy	16
2.1	Individual Revenue Elasticity	29
2.2	Elasticity with Varying Deductions	32
2.3	Marginal and Average Tax Rates	36
2.4	Revenue Elasticity of Tax with Respect to Net Profits	38
2.5	Moderate Cycle	42
2.6	A Cycle with Negative Profit Growth	43
2.7	A Cycle with Negative Profit and Tax Growth	43
2.8	Elasticity with Negative Minimum Profit Growth	44
2.9	Elasticity with Negative Minimum Profit and Tax Growth	44
3.1	The Asymmetric Treatment of Losses	55
3.2	The Impact of Tax Loss Asymmetries	66
3.3	Loss Asymmetries with $ds/d\theta > 0$	68
3.4	The Elasticity $\eta_{T,t}$; with $\eta_{\theta,t} = -0.8$	70
4.1	Relationship between $\eta_{PT,t}$ and E/P : Individual Firms	91
4.2	Gross and Taxable Profit Profiles for Firm 2	97
4.3	Aggregate Gross and Taxable Profits Over the Business Cycle	99
4.4	The Aggregate Elasticity of Taxable Profit with Respect to Gross Profit	99
4.5	Low and High Amplitude Business Cycles	101
4.6	Elasticity Profiles for High and Low Amplitude Business Cycles	101
5.1	The Distribution of Trading Profits: 2003–04	114
5.2	Actual and Simulated Trading Profits, 2003–04	120
5.3	Simulated and Empirical Lorenz Curves for Profits and Losses	121

7.1	Simulated Profit Cycles	152
7.2	Benchmark Case: Single Firms	153
7.3	Benchmark: Tax and Profit Growth	154
7.4	Elasticities for Groups and Single Firms: Benchmark case . . .	155
7.5	Elasticities for Groups and Single Firms with a Medium Cycle	156
7.6	Elasticities: Introducing Stochastics	159
7.7	Elasticities: Decomposing Deductions	160
7.8	Elasticities with Alternative Deduction Methods: Medium Cy- cle with Low Variance	165
7.9	Tax Revenue Profiles with Alternative Deduction Methods: Medium Cycle with Low Variance	166
8.1	Profit Growth Rates Over the Cycle	194
8.2	Elasticities Over the Cycle	196
8.3	Elasticities with a High Profit Cycle	198
8.4	Changing Profit-shifting and Deductions-shifting Assumptions	200
8.5	Allowing for Stochastic Component in Profit Growth	202
8.6	Percentage Profit and Deductions Responses	206
