Acknowledgments

This book draws on the empirical findings of the *Innovation and Globalization in the Wine Sector: An International Comparison between Argentina, Chile, Italy and South Africa* project, carried out with the financial support of Progetto Alfieri (Fondazione CRT) and Interlink (Ministero dell’Istruzione, dell’Università e della Ricerca), directed by Roberta Rabellotti. The editors would like to thank Massimo Pernicone and Gabriela Cares for their collaboration in the collection of data. For their support in the field research, in Argentina we thank Ana Maria Ruiz and Adriana Bocco; in Chile, Mario Castillo, Jimena Gonzalez Alvarado, Pablo Ugarte and Cruz Coke from CORFO, Jose Miguel Benavente, Jorge Katz and Graciela Moguillansky; in Italy, Daniele Della Valle from Vignaioli Piemontesi and Giuseppe Martelli of Assoenologi and Vittorino Novello of Università di Torino; in South Africa, Nick Vink, Melanie Vivier and Eric Wood. Moreover, we have greatly benefited from the participation and discussion of our works in many seminars around the world, where preliminary drafts were presented. We thank all the colleagues who on these occasions discussed our work and helped refine it by putting it under a true global scrutiny. Special thanks go to the entrepreneurs, wine experts and researchers in Argentina, Chile, Italy and South Africa, who shared with us their knowledge and generously gave us their time. Finally, we are very grateful to Susanna Burchielli for reviewing and editing the volume.
