antitrust markets, assessing potential competition in 265–306
advertising expenditures 275, 279, 283, 284, 291, 292, 298
airline markets example 275–8, 280–81
automobile quality in US market 268, 269
contestable markets 274–85
entry physical-capital costs 275, 279–83
entry threats and constraints, potential 273–4, 295–7
entry treatment 270–74, 277–8, 291
firm size effects 287
geographical constraints 268–9, 293–4
manufacturing sector example 282–3
market share, effect of existing 283–4, 290–91, 293–6
measurement, alternative approach 297–301
post-merger efficiencies and prices 290–91, 293, 295–7
potential “foreign” competition, measurement of 297–301
product differentiation 267–70, 294, 299
R&D and related expenditures 275, 279, 283, 284
regulatory and related fees and costs; 275, 279, 283
relevant antitrust market definition 267–70
Staples and Office Depot proposed merger 289–92
substitutability between products 268, 293
supply response of foreign firms 298–300
Volvo and Scania proposed merger 292–9
antitrust markets, assessing potential competition in, sunk costs and contestability of markets 275–8
entry treatment 271–4
financing constraints 286–7, 291–2
and fixed costs, differences between 275–6
measurement of 279–83
measurement usefulness 283–5
profit margins and forecasting 287–8, 300
and uncertainty 285–8, 291–2
antitrust markets, defining 207–20, 267–70
evidence types 217–18
information gathering and SSNIP test 211–12
intermediate goods markets 213–14
market boundaries 211, 212
