Figures

1.1 World natural gas consumption by region, 1980–2010  5
1.2 World natural gas consumption by region, 1980–2010  6
1.3 World primary natural gas demand by scenario  18
1.4 Gas demand grows mostly in non-OECD countries, mostly in Asia  19
1.5 World primary natural gas demand by sector  19
1.6 World primary energy demand by fuel in the GAS Scenario  23
1.7 Increase in natural gas consumption in the GAS Scenario, 2010–35  25
1.8 World primary energy demand by fuel and scenario  26
1.9 CO₂ emissions in the GAS Scenario relative to the New Policies Scenario, 2035  28
2.1 LNG value chain  33
2.2 LNG carrier types: membrane design and Moss sphere design  39
2.3 Conventional and Q-Max LNG tanker size comparison  45
2.4 Example LNG import/regasification terminal process  47
2.5 Integrated project structure  51
2.6 Project company (merchant) structure  52
2.7 Tailing structure  53
3.1 Japan’s LNG import terminals  61
3.2 South Korea’s LNG import terminals  66
3.3 China’s LNG import terminals  69
3.4 India’s natural gas infrastructure and LNG terminals  71
3.5 LNG terminals in Europe  75
3.6 Existing and proposed North American LNG import terminals 2006  86
3.7 Existing North American LNG import terminals 2011  89
3.8 33 potential North American LNG export sites  90
4.1 Future global LNG production capacities  96
4.2 Map of Malaysia  100
4.3 Top five Asia-Pacific proven natural gas reserve holders 2010  101
Figures

4.4 Map of the Snøhvit LNG project location 103
4.5 Northern Sea Route and Northwest Passage 103
4.6 Natural gas production, consumption, and exports in Egypt, 2000–2010 107
4.7 Map of Egypt 109
4.8 Egypt’s LNG exports 2010 110
4.9 Suez Canal and SUMED Pipeline 111
5.1 Factors driving global LNG demand 118
5.2 Latin American liquefaction and regasification plants 123
6.1 World inter-regional natural gas trade by type 141
6.2 Inter-regional natural gas net trade flows between major regions in the New Policies Scenario 143
6.3 Projected LNG liquefaction capacity by country 144
6.4 Globalization of gas markets 145
6.5 International gas prices, 1994–2011 149
6.6 Global spot natural gas and crude oil prices with average monthly LNG prices in Japan, Jan. 2010–March 2012 151
6.9 Cheniere’s Sabine Pass Liquefaction sale and purchase agreements 165
6.10 Major LNG trade movements, 2001 167
6.11 Major LNG trade movements, 2011 168
6.12 Evolution of LNG markets 170
7.1 Greenhouse gas emissions from major LNG projects 187
8.1 World natural gas reserves by country, Jan. 1 2011 205
8.2 Qatar’s North Field 206
8.3 Dolphin Gas Project map 217
8.4 Gas-to-liquids (GTL) process 218
8.5 Australian and world LNG export capacity 221
8.6 Australia’s existing and committed LNG plants 224
8.7 Economic breakdown for standard LNG tanker cargo 225
8.8 Overview of the Gorgon project 228
8.9 Gorgon CO₂ injection 229
8.10 Benchmarked greenhouse gas efficiency 231
8.11 Gorgon greenhouse gas emissions efficiency improvements 232
9.1 Top proven natural gas reserve holders, 2010 244
9.2 Volumes of gas flared, 2008 245
9.3 Sakhalin Island 248
9.4 Shtokman field location map 256
9.5 Peru LNG project 261
