Advisory Bodies
and decisions of the World Heritage Committee 18–19, 56, 153, 189, 242
development of In Danger List 160, 161
overview and role of 58–9
Arabian Oryx Sanctuary (Oman)
comparison with Dresden Elbe Valley (Germany) 215–23
criteria for listing and short history of 24, 76, 93–5, 207–12
Deletion of 207–12
impact of deletion decision 220–22
key events relating to compliance 261–4
Reactive Monitoring of 133–4, 135, 139, 140–41

Brasilia (Brazil)
criteria for listing and short history of 24, 76, 91–3
domestic litigation concerning 217–18
key events relating to compliance 258–61
lack of management plan 107, 238
Reactive Monitoring of 134, 137, 231
and the ‘rush to inscribe’ 64

compliance
distinguished from implementation 10–12
methodological approach towards 19–28
and the ‘science-based regime’ 16–19, 234–5, 239
snowballing of compliance circumstances 39–41

substantive vs procedural 12–14
systems of compliance 14–15

Deletion from the World Heritage List
evolution of 191–8
and the In Danger List 206–7
need for consent for 206
operation of 194, 198–204
partial deletion and boundary modifications 204–6
reluctance to utilise 30, 223–4, 240
threat and perception of 219–21

Dresden Elbe Valley (Germany)
comparison with Arabian Oryx Sanctuary (Oman) 215–23
criteria for listing and short history of 24, 78, 101–3, 212–15
deletion of 187–91, 199, 204, 205, 206, 212–15
In Danger Listing of 170, 171, 173, 174, 175, 177
key events relating to compliance 273–5
Reactive Monitoring of 139, 145

East Rennell (Solomon Islands)
criteria for listing and short history of 24, 77, 96–9
customary ownership of 26, 97–8
In Danger Listing of 171, 173–4, 176, 183
key events relating to compliance 267–70
lack of management plan 107, 238
lack of technical resources to comply 139, 153
Reactive Monitoring of 126, 133–4, 139, 140, 141
and the ‘rush to inscribe’ 64

Evelglades National Park (United States)

286
Index

287

criteria for listing and short history of 24, 75, 79–81
In Danger Listing(s) of 166, 174–5, 177, 178, 179–81, 182–3
key events relating to compliance 244–6
Reactive Monitoring of 126, 134, 137

First Nations
and East Rennell (Solomon Islands) 26, 97–8, 139
and Wood Buffalo National Park (Canada) 86–7, 139, 173
World Heritage Indigenous Peoples Council of Experts (WHIPCOE) 61

Great Barrier Reef (Australia)
challenges implementing management plan 107
consideration of In Danger Listing of 27, 170, 173–4, 236, 238–9, 242
criteria for listing and short history of 24, 75, 83–5
domestic litigation concerning 217–18
key events relating to compliance 249–52
Reactive Monitoring of 27, 134, 137

Group of Monuments at Hampi (India)
criteria for listing and short history of 24, 76, 87–91
In Danger Listing of 171, 178–9, 182
key events relating to compliance 255–8
lack of management plan 107
lack of technical resources to comply 139
Reactive Monitoring of 126, 127, 133–4, 135–7, 139, 140
and the ‘rush to inscribe’ 64

Historic Centre of Vienna (Austria)
challenges implementing management plan 107

comparison with Liverpool – Maritime Mercantile City (United Kingdom) 188
criteria for listing and short history of 24, 77, 99–101
In Danger Listing of 170, 171, 174, 175–6, 177
key events relating to compliance 270–73
Reactive Monitoring of 126, 134, 135, 137, 238

In Danger List consideration of 28, 171–7, 233
Desired State of Conservation for Removal of the Property (DSOCR) 143, 182–3
evolution of 157–68
monitoring of properties on 177–83
as a separate list under the Convention 43

Indigenous Peoples, see First Nations

Kakadu National Park (Australia) 43, 50, 167–8

legacy issues
as a component of deletion 199–201
faced at listing in the compliance cases 75–8, 106–7
meaning of 50, 64–5
need to deal with 237–8
and the non-compliance response system 131–5

Liverpool – Maritime Mercantile City (United Kingdom) 187–8, 193, 196, 206, 216, 219

Melaka and George Town – Historic Cities of the Straits of Malacca (Malaysia)
consideration for In Danger Listing of 170, 171, 174–5
criteria for listing and short history of 24, 78, 103–5
key events relating to compliance 276–8
Reactive monitoring of 27, 137
monitoring, see Reactive Monitoring
Implementing the World Heritage Convention

- nominations to the World Heritage List
  - possible outcomes of 54–5
  - rules for 65–74

- obligations
  - breach of 36, 39–41
  - definitions of 8–9
  - evolving nature of 22–3
  - identification of under the World Heritage Convention 33–6
  - procedural and substantive nature of 12–13

- Old City of Dubrovnik (Croatia) 163, 165
- Old City of Jerusalem and its Walls (site proposed by Jordan) 158–9
- Old Town of Lijiang (China)
  - criteria for listing and short history of 24, 77, 95–6
  - key events relating to compliance 264–6
  - reactive monitoring of 27, 133–4, 137

- Operational Guidelines
  - evolving nature of 226–7
  - as obligations 35–9
  - paragraph 172 of 12–13, 39, 110, 146, 230–31, 254, 258, 260, 266, 271, 272, 278

- Outstanding Universal Value (OUV)
  - as a benchmark for conservation 46–50
  - criteria for 44
  - illusive nature of 151
  - Retrospective Statements of 45
  - Statements of 45
  - use of language of 146–51

- Periodic Reporting 109, 113

- Reactive Monitoring
  - early need for 111–13
  - formalising the process of 113–16
  - historical development of 119–24
  - as an information-gathering exercise 153
  - international assistance with 140
  - and language used by the Committee 143–5
  - and non-compliance 127–51
  - recent developments in 116–18
  - reporting as a component of 108
  - success stories of 127

- reporting, see Reactive Monitoring
- Ruins of Kilwa Kisiwani and Ruins of Songo Mnara (Tanzania)
  - criteria for listing and short history of 24, 75, 81–3
  - In Danger Listing of 170, 171, 173, 177, 181–2
  - key events relating to compliance 247–9
  - lack of management plan 107, 238
  - lack of technical resources to comply 139
  - Reactive Monitoring of 126, 133–4, 139, 140

- Secretariat (to the World Heritage Committee) 59–60
- State of Conservation Information System (SOCIS)
  - overview and use of 20–21, 118, 232
  - use of in In Danger Listings 168–71

- Tasmanian Wilderness (Australia) 161, 206
- Tentative List of World Heritage 42

- Wood Buffalo National Park (Canada)
  - consideration for In Danger Listing 27, 171, 173, 236
  - criteria for listing and short history of 24, 76, 85–7
  - and First Nations people 86–7, 139, 173
  - key events relating to compliance 252–5
  - Reactive Monitoring of 134–5, 137, 139

- World Heritage Bureau
  - composition and role of 55
  - declining influence of 55
  - role in deletion procedure 191, 196, 198, 201, 202
  - role in reporting and reactive monitoring 115
World Heritage Centre, see Secretariat
World Heritage Committee
approaches to decision-making 144
composition and role of 53–8
difficulty in implementing decisions 234
increasing politicisation 56–8, 63–4, 243
use of language in decisions 145–51
World Heritage Convention
implementation in Federal States 26, 217–19
legal implementation of 139, 218–19
obligations of, see obligations
Operational Guidelines for the
Implementation of, see Operational Guidelines
research interest in 1–6
as a ‘science-based’ regime 16–19, 234–40
strategic policy documents of 40–41
