Many people contributed to the completion of this book. I am especially thankful to Deborah Hensler and Joshua Cohen for their invaluable mentorship. I would also like to thank Helen Stacy for being a supportive and insightful advisor. I am deeply indebted to Helena Alviar, a great dean and a dear friend, who encouraged me to start this book. César Rodríguez offered wonderful insights for my research and, generously, opened many doors. I would like to give my sincere thanks to Tatiana Andía and Johnattan García, co-authors and co-conspirators.
