Two people in particular have influenced our thinking over the years on the transport and development topic, helping to shape our work in this area – Professor Sir Peter Hall and Professor Piet Rietveld. We were hugely privileged to work with both of them, always offering great knowledge, entertaining debate, encouragement to develop and publish our thoughts, and huge inspiration. Peter and Piet unfortunately passed away in 2014 and 2013, just as this book was reaching its last stages of production. We dedicate the book to them.
