PART I AN INTRODUCTION TO TRANSPORT AND DEVELOPMENT	
1 The transport and development relationship <i>Robin Hickman, Moshe Givoni, David Bonilla and David Banister</i>	3
PART II URBAN STRUCTURE AND TRAVEL	
2 Urban structure and travel <i>Philip Stoker, Susan Petheram and Reid Ewing</i>	19
3 Urban passenger transport energy consumption and carbon dioxide emissions: a global review and assessment of some reduction strategies <i>Peter Newman and Jeff Kenworthy</i>	36
4 Homes, jobs and commuting: development location and travel outcomes <i>Peter Headicar</i>	59
5 New household location and the commute to work: changes over time <i>Robin Hickman and David Banister</i>	73
6 Spatial structure and travel: trends in commuting and non-commuting travels in US metropolitan areas <i>Peter Gordon and Bumsoo Lee</i>	87
7 New urbanism and travel <i>Marcial Echenique and Alastair Donald</i>	104
8 Residential location and travel: Hangzhou and Copenhagen compared to studies in cities worldwide <i>Petter Næss</i>	118
9 Public transport-orientated development and network effects <i>Carey Curtis</i>	136
10 The effects of neighbourhood type and self-selection on driving: a case study of Northern California <i>Xinyu (Jason) Cao</i>	149
11 The role of attitudes in accounting for self-selection effects <i>Bert van Wee and Patricia Mokhtarian</i>	166

12	How stable are preferences for neighbourhood type and design in residential moves? <i>Kevin J. Krizek, Ahmed El-Geneidy and Ryan Wilson</i>	179
13	Community design and active travel <i>Susan Handy</i>	198
14	Street networks <i>Wesley Marshall, Norman Garrick and Stephen Marshall</i>	208

PART III TRANSPORT AND SPATIAL IMPACTS

15	Transport and urban development <i>Piet Rietveld and Frank Bruinsma</i>	229
16	Methods for estimating the economic impact of transportation improvements: an interpretive review <i>Michael Iacono and David Levinson</i>	243
17	Transport projects and wider economic impacts <i>Torben Holvad and Steen Leleur</i>	259
18	Urban freight: freight strategy, transport movements and the urban spatial economy <i>David A. Hensher and Zheng Li</i>	273
19	Spatial implications of public transport investments in metropolitan areas: some empirical evidence regarding light rail and bus rapid transit <i>Eran Feitelson and Orit Rotem-Mindali</i>	290
20	High-speed trains and spatial-economic impacts: a British–French comparison on two scales: intra- and inter-regional <i>Chia-Lin Chen and Peter Hall</i>	301
21	Assessing the wider impacts of the Jubilee Line Extension in East London <i>Peter Jones</i>	318
22	The developmental impacts of the Madrid Metro Line 12 on retail activities around stations <i>Lucia Mejia Dorantes</i>	334
23	Bus rapid transit and buses with high levels of service: a global overview <i>Darío Hidalgo and Juan Carlos Muñoz</i>	346
24	The expansion of large international hub airports <i>Andrew R. Goetz</i>	363
25	Decision-making and major transport infrastructure projects: the role of project ownership <i>Chantal C. Cantarelli and Bent Flyvbjerg</i>	380

26	Road pricing, impacts and cost-effectiveness <i>Jan Anne Annema</i>	394
27	Incomes, accessibility and transport poverty <i>Gordon Stokes</i>	414
28	Development and social policy: the role of transport in social development, in the UK context <i>Susan Kenyon</i>	430
29	The car in the neighbourhood: residential design and social outcomes in southern Germany <i>Iqbal Hamiduddin</i>	441
30	Accessibility: theory and practice in the Netherlands and UK <i>Karst Geurs and Derek Halden</i>	459
PART IV WIDER DIMENSIONS IN TRANSPORT AND DEVELOPMENT		
31	More than A to B: cultures of mobilities and travel <i>Ole B. Jensen</i>	479
32	Car-fixation, socialization, and opportunities for change <i>Ellen Matthies and Christian A. Klöckner</i>	491
33	Telecommunications and travel <i>Galit Cohen-Blankshtain</i>	502
34	E-retailing, the network society and travel <i>Orit Rotem-Mindali</i>	512
35	Parents, children and automobility: trends, challenges and opportunities <i>Robyn Dowling</i>	526
36	Old age and importance of the car in maintaining activity patterns in Scandinavia <i>Randi Hjorthol and Susanne Nordbakke</i>	539
37	Ageing populations and travel <i>Gamze Dane, Anna Grigolon, Soora Rasouli, Harry Timmermans and Dujuan Yang</i>	556
38	Investigating urban oil vulnerability <i>Jago Dodson, Neil Sipe and Terry Li</i>	571
39	Troublesome leisure travel: counterproductive sustainable transport policies <i>Erling Holden and Kristin Linnerud</i>	587
40	The future of transport and development in the new millennium: the inescapable implications of climate change <i>Mayer Hillman</i>	599

x	<i>Handbook on transport and development</i>	
41	The value of transition management for sustainable transport <i>Harry Geerlings and Flor Avelino</i>	614
42	The regional tram-train of Kassel, Germany: how regional responsibility leads to local success <i>Helmut Holzapfel and Rainer Meyfahrt</i>	630
43	The making of European transport policy <i>Dominic Stead</i>	645
44	Understanding process: can transport research come to terms with temporality? <i>Tim Schwanen</i>	660
PART V SUMMARY AND CONCLUSIONS		
45	Transport and development – what next? <i>David Banister, David Bonilla, Moshe Givoni and Robin Hickman</i>	677
	<i>Index</i>	689
