Stackelberg inventory strategy 186
Stackelberg leadership 167, 227
Stackelberg pricing versus channel coordination 234–5
Stackelberg tariff 233–5, 237
store-based retailing 367, 552–3
store brands 180–81, 263, 378, 431
store positioning 432
stores within a store 52–5, 60, 70–73
strategic alliances 428
strategic consumers 162, 184–5
street money 245
substitutability index 54
supplier encroachment 200, 218
under asymmetric information 203–17
linear wholesale pricing 203–10
nonlinear wholesale pricing 210–17
with deterministic demand 204, 212
effect of encroachment capability upon the supplier 214–16
information asymmetry 205–7, 214
information strategy 207–10
impact on supplier’s and the reseller’s profits 208
quantity response 205
supplier is better off in expectation by 205–6
under symmetric information 200–202
when supplier’s direct selling cost is below a threshold 206
supplier relationship 342–5
feeling, using, and revealing emotion in 347–50
symbolic communication and 345–7
supply chain 226
with asymmetric information 204
bilateral duopoly 187
Geographic Indication (GI) 377
knowledge transfer within 121
management of see supply chain management with marketing mixes 190
multi-channel 1, 165
with supply chain mixes 191
supply chain management channel architecture 166–73
defined 165
discrete choice models of 183
domains of 165
Hotelling model of 182–3
market expansion effects 182–3
and marketing mixes 165, 173–86
risk-aversion 185
supply chain mixes 186–9
supply chain mixes
finance flow 189
information flow 186–8
incentive theory under information asymmetry 187
information sharing 186–7
information transparency 187–8
learning 188
material flow 186
symbolic communication 337, 342, 345, 346, 350–51
symbolic interactionism (SI) 337, 340–41, 347, 350
tacit knowledge 77, 116–17, 119, 124, 313
task portfolio 397, 402
heterogeneous 401
technological complexity, notion of 21
technological modularity, notion of 5, 21
telephone call centers 383
Tesla Motors 30
threats, in channel conflicts 147
Tobin’s Q 315, 367, 370
trade credit 189
trade promotion strategy and performance 430–31
trading hazards 393–4
adapting to changing needs 394–5
measurability of output 395–7
in securing insecure investments 394
Traditional Specialty Guaranteed (TSG) 420
transactional efficiency 221, 222, 262
transaction cost analysis (TCA) 383, 523
alignment principle of 398
channel design 386–9, 397
channel service profile 386–9
post-purchase stage tasks 388–9
pre-purchase stage tasks 386–7
purchase stage tasks 387–8
elements of 386
organizing principle of 386, 397
transaction cost economics (TCE) 17, 80, 83, 106, 411, 430, 488
ex ante 83
ex post 83
transaction efficiency, under deterministic demand 227, 254–7, 261, 262
transaction specific investments (TSIs) 92, 100, 102, 104, 106
transcontinental migration 515, 534, 542, 556
transformational relationship, marketing theories on 326–7
trust
complacency and 490
components of 498
