1 Mega-projects: high ambitions, complex decision-making, different actors, multiple impacts <i>Hugo Priemus and Bert van Wee</i>	1
PART I DECISION-MAKING ON MEGA-PROJECTS	
2 Strategic and tactical performance of mega-projects – between successful failures and inefficient successes <i>Knut Samset</i>	11
3 The shaping of large engineering projects <i>Donald R. Lessard and Roger Miller</i>	34
4 Real-world decision-making on mega-projects: politics, bias and strategic behaviour <i>Martijn Leijten</i>	57
5 Dealing with the complexity, uncertainties and risk of mega- projects: redundancy, resilience and adaptivity <i>Hugo Priemus, Marian Bosch-Rekveldt and Mendel Giezen</i>	83
6 New Public Management and the new features of strategic behaviour <i>Ernst ten Heuvelhof and Martijn Leijten</i>	111
PART II PUBLIC–PRIVATE PARTNERSHIP AND MULTI-ACTOR ANALYSIS	
7 Public–private partnerships in mega-projects: successes and tensions <i>Matti Siemiatycki</i>	133
8 The political economy of urban infrastructure <i>Kevin Dwarka and Eran Feitelson</i>	158
9 Public–private partnership in developing and governing mega-projects <i>Graeme Hodge and Carsten Greve</i>	182

vi	<i>International handbook on mega-projects</i>	
10	Mega-projects in intermodal freight transport: innovation adoption <i>Arjan van Binsbergen, Rob Konings, Lóri Tavasszy and Ron van Duin</i>	209
11	Multi-actor and multi-criteria analysis in evaluating mega-projects <i>Cathy Macharis and Peter Nijkamp</i>	242
PART III COST–BENEFIT ANALYSIS: EX ANTE EVALUATION OF MEGA-PROJECTS		
12	CBA: ex ante evaluation of mega-projects <i>Bert van Wee and Piet Rietveld</i>	269
13	The use of CBA in decision-making on mega-projects: empirical evidence <i>Jan Anne Annema</i>	291
14	Long-term impacts of mega-projects: the discount rate <i>Carl Koopmans and Piet Rietveld</i>	313
15	Mega-projects' cost performance and lock-in: problems and solutions <i>Chantal C. Cantarelli and Bent Flyvbjerg</i>	333
16	Ethics and the ex ante evaluation of mega-projects <i>Bert van Wee</i>	356
PART IV WIDER IMPACTS: REGIONAL GROWTH AND SUSTAINABILITY		
17	The wider economic impacts of mega-projects in transport <i>Roger Vickerman</i>	381
18	Mega-projects: new challenges to cope with climate change and energy transition <i>Jan Anne Annema and Hugo Priemus</i>	398
19	Road vehicle automation: elephant in the infrastructure room <i>Richard Gilbert</i>	418
