<i>List of contributors</i>	vii
<i>Preface</i>	xv
1 Applied geography: relevance and approaches <i>Robert Stimson and Kingsley E. Haynes</i>	1
2 A geographic perspective on demographic evolution in Europe: the CEG participation in the ESPON 1.1.4 project <i>Diogo de Abreu</i>	17
3 A national transport policy: the case of Pakistan <i>Roger R. Stough</i>	34
4 Spatial modelling, GIS and network analysis for improving the sustainability of transporting aggregates in the UK <i>Chengchao Zuo, Mark Birkin, Graham Clarke, Fiona McEvoy and Andrew Bloodworth</i>	55
5 SMILE: an applied spatial micro-simulation model for Ireland <i>Karyn Morrissey, Cathal O'Donoghue, Graham Clarke, Dimitris Ballas and Stephen Hynes</i>	79
6 Using GIS and spatial modelling to support school network planning in Estonia <i>Edgar Sepp and Jüri Roosaare</i>	95
7 Spatial optimization: expanding emergency services to address regional growth and development <i>Alan T. Murray, Daoqin Tong and Tony H. Grubestic</i>	109
8 Urban growth in the Brisbane–South East Queensland region and its implications for emergency services provision: a Geographic Information Systems-based approach <i>Jonathan Corcoran, Robert Stimson, Prem Chhetri, David Rohde and Angela Higginson</i>	123
9 Geographical dimensions of federal investment in small business development <i>Kingsley E. Haynes, Haifeng Qian and Sidney C. Turner</i>	144
10 Geographical modelling, public policy and informing the 'store wars' sovereignty debate in Australia <i>Robert G.V. Baker and Stephen N. Wood</i>	160

11	Defending a territory: automobile dealership customer and site analysis <i>John Lombard</i>	184
12	West Midlands (UK) regional planning (1999–2012), functioning economic geography and the E ³ I belt: coping with uncomfortable truths <i>Michael Taylor and John R. Bryson</i>	196
13	Technopoles: governance and networking <i>Haddad Ismail</i>	217
14	Economics of space: estimating the economic significance of a NASA testing facility <i>Michael C. Carroll and Will M. Burns</i>	232
15	Using input–output analysis and GIS to assess economic, fiscal and developmental impacts of toll roads in Dallas: a 40-year perspective <i>Bernard L. Weinstein and Terry L. Clower</i>	247
16	Helping community groups to address urban planning issues in a deprived gipsy neighbourhood: geographical experiences from Perpignan in a post-riot context <i>David Giband</i>	259
17	Designing, implementing, monitoring and evaluating an urban community development programme in Portugal <i>Maria Lucinda Fonseca and Alina Esteves</i>	274
18	A local master plan for biospheric conservation and development: concept, methodology and application <i>Eliahu Stern</i>	295
19	Assessing responses to National Weather Service warnings: the case of a tornado <i>Burrell E. Montz</i>	311
20	Managing environmental hazards of outdoor falls among the elderly population of Hong Kong <i>Poh-Chin Lau, Wing-Cheung Wong, Ming-Houng Chan, Chien-Tat Low and Martin Wong</i>	325
21	Hydropower in Chilean Patagonia: evaluating socio-economic conditions for resettlement and/or compensation of rural inhabitants <i>Frederico Arenas and Pablo Osses McIntyre</i>	346
	<i>Index</i>	359
