I would like to acknowledge the support of Flinders University and the cooperation of the chapter contributors. My gratitude is also extended to Edward Elgar. Three of the chapters appearing in this book are reprints or minor variations of their original form. Chapter 2 originally appeared in Daly, H. (2007), *Ecological Economics and Sustainable Development: Selected Essays of Herman Daly*, Cheltenham, UK and Northampton, MA, USA: Edward Elgar. A very similar version of Chapter 8 appeared in Victor, P. (2008), *Managing Without Growth: Slower by Design not Disaster*, Cheltenham, UK and Northampton, MA, USA: Edward Elgar.

The publisher and I would like to thank Elsevier Limited for kindly granting permission to reprint Cole, M. and Fredriksson, P. (2009), 'Institutionalised pollution havens', *Ecological Economics*, **68**, 1239–1256. This paper appears as Chapter 4 in this edited volume.
