

Acknowledgements

I would like to thank two reviewers who read and commented on the book proposal and the draft chapters that accompanied it. Their comments have made a significant contribution to the quality of the outcome. I would also like to thank the contributors for their splendid cooperation and their generosity in putting up with my editorial intrusions. I dedicate this book to Sema, Deniz and Suha Ugur, who provided unqualified support and encouragement while I was working on this project.

Mehmet Ugur
