
Tables

3.1	Kinds of trust	41
5.1	Trust in national and local/regional authorities (%), Europe	74
5.2	Trust in the EU, multilevel logistic model	81
5.3	Trust in the local/regional authorities, Europe, multilevel model	82
5.4	Trust in the municipality, Latin America	83
6.1	Political trust measurement scales across countries	98
6.2	Cross-national comparability of political trust (ESS, 2012)	99
7.1	Distribution of social and political trust (%)	113
7.2	Cross-tabulations of particular social trust, general social trust and political trust (%)	115
7.3	Mokken scale analysis, 12 trust items, pooled data (H_i and H scale coefficients and means), 'Search' procedure (exploratory)	117
7.4	Mokken scale analysis, 12 trust items, by country (Rankings and H scale coefficients), 'Test' procedure (confirmatory)	119
8.1	Bivariate correlations with amount sent to citizens and public officials	135
9.1	Predictors of trust in government institutions	152
11.1	Relationship between education and political trust	178
12.1	Support for increased government spending (%) by political trust and ideology	204
12.2	Support for tax cutting (%) by political trust and ideology	206
12.3	Support for Social Security privatization (%) by political trust and ideology	207
13.1	Cross-sectional relationships between trust and norms of citizenship (linear regressions; standardized coefficients)	221
13.2	Time-lagged relationships between trust and norms of citizenship (multilevel fixed-effects models)	222
13.3	Changes in trust and norms of citizenship in 2008 and 2011 as compared to 2006 (multilevel fixed-effects models with year dummies)	224
14.1	Distrust and inefficacy as determinants of political participation	234
19.1	Political trust, inequality, and corruption perceptions: LiTS 2 (2011)	307
19.2	Regression of political trust from the Arab Barometer 2006	309
19.3	Political trust, corruption, and inequality: Afrobarometer 2004	311
19.4	Political trust, corruption, and inequality: Global Barometer (Latin America, 2007)	312
19.5	Political trust, corruption, and inequality: Global Barometer (Asia, 2007)	312
20.1	Three-level model of perceptions of national political systems, individual-level variables only	321
20.2	Three-level model of trust in politics, with country-level variables	322
20.3	Three-level model of trust in politics: far-right and long-term country of immigration interactions	324
20.4	National identity and political trust	328

20.5	Multiculturalism policy, national identity and political trust	329
21.1	Political and social trust relationship at the individual level: analysis of recent studies on the relationship between political and social trust	344
22.1	Trust in the media (%), 2015	354
22.2	Trust in different groups to tell the truth (%), UK 2003–12	355
22.3	Trust in institutions (%), 2014	356
22.4	Evaluations of the news media (%), USA and UK (2006–13)	358
22.5	Attitudes towards the media (%), 2006	359
24.1	Anova models for trust in political institutions and political trust index	405
24.2	Linear mixed model for political trust index (restricted maximum likelihood estimates)	410
25.1	Levels of political trust (0–10) in 15 Western and Southern European countries in 2012	423
25.2	Trust in parliament (%), Europe (1990–2012)	424
25.3	Trust in actors of representation (%), Europe (2004–12)	427
25.4	Trust in the legal system (%), Europe (2002–12)	428
25.5	Individual predictors of political trust in 2012 (multilevel analysis, centring within cluster)	430
25.6	Interactive terms for 2012 in the countries with a less important fiscal and economic crisis: Nordic countries, Continental Europe and UK	433
26.1	Change in the level of political trust	448
26.2	Explanatory models of political trust (trust in parliament)	454
27.1	Political trust in Sub-Saharan Africa, 1999–2009	478
27.2	Political trust in the Arab region, 2006–11	480
28.1	Trust in institutions (%) in the Asia-Pacific region	492
28.2	Preference for political regime (%) in East Asia	499
28.3	Determinants of political trust in East Asia (standardized regression coefficients)	502
29.1	The concept of political support according to Easton	512
29.2	A hierarchy of political support: levels, operationalization, measures	514
29.3	Perceived importance of aspects of democracy (European Social Survey, 2012)	519
