This book is the work product of a grant (SES 0921806) from the National Science Foundation entitled “Adapting Law to Rapid Technological Change.” In addition, four of the chapters (Paddock, Saner, Kuzma, Baram) are based on papers originally presented at a workshop funded by a grant from the Department of Energy Office of Science (grant # 0013858). The views represented in the volume are those of the respective authors and do not represent the views of the National Science Foundation, the Department of Energy, or the US Government.
