

Acknowledgements

The research leading to these results has received funding from the European Research Council under the European Community's Seventh Framework Programme (FP7/2007–2013) / ERC grant agreement no. 240895 – project ICARUS 'Innovation for Climate Change Mitigation: a Study of Energy R&D, Its Uncertain Effectiveness and Spillovers'. We would like to thank the participating experts listed in Table 1. We are also grateful to Stergios Athanassoglou, Fabio Genoese, Inês Lima Azevedo, Erin Baker, Thomas Longden, Granger Morgan and the other participants to the Carnegie Mellon CEDM/CDMC seminar series for their suggestions.

We also wish to thank all the babies who were born during the ICARUS project and whose patience was crucial to the success of this adventure: Elio, Giulio, Lidia and Matteo.
