

Acknowledgements

The editors and authors gratefully acknowledge the generous support of all those involved in the development of this book for their excellent contributions and consistent support. In particular, we would like to thank the following individuals for their assistance and collaboration throughout the project, including project development and management, outreach and administrative support. From (and formerly from) the United Nations Environment Programme (UNEP): Hussein Abaza, Mouhamed Diallo, Leigh Ann Hurt, Naoko Katashima, Nganting Lam, Tobias Leipprand, Desirée Leon, Satu Ojaluoma, Karim Ouahidi, Katharina Peschen, Rahila Somra, Steven Stone and Vera Weick. From (and formerly from) the International Union for Conservation of Nature (IUCN): Sue Both, Marianne Gaion, Deborah Murith, Nathalie Olsen and Andrew Seidl. For independent consulting services, including editorial and other communications support during the finalization of the manuscript: Alexis Martin. From Edward Elgar Publishing: Emily Neukomm. In addition to their written contributions, the project was managed by Fulai Sheng and Nicolas Bertrand at UNEP.
