We gratefully acknowledge the funds provided for independent research by the Australian National Preventive Health Agency (Grant ID 203MIT2011) and the Australian Research Council pursuant to the Linkage Project scheme (project number LP120200028), which assisted in various aspects of the production of this volume. We also appreciate the support provided by Melbourne Law School and the University of Melbourne.

We are especially grateful to Devon Whittle for his helpful research and editorial assistance with numerous chapters, and for similar assistance we thank Georgina Dimopoulos, Caroline Henckels, Stephen Lloyd and Shawn Rajanayagam. Thank you also to Catherine Gascoigne for assistance in the initial stages of conception of this volume, and to Thijs De Jong for compilation of the bibliography. Jessica Casben shepherded the proofs through the final stages and compiled the index, along with Mariela Maidana-Eletti.

Several chapters in this volume (Chapters 6, 7, 9, 10 and 11) developed from papers first published as part of the *Transnational Dispute Management* special issue we edited on 'Legal Issues in Tobacco Control' (volume 9, issue 5) in November 2012, available at www.transnational-dispute-management.com, and are incorporated with the kind permission of Anton Hoenson.

The opinions expressed in each chapter are those of the relevant authors and are not necessarily shared by any employer or other entity.
