This volume is truly a collaborative effort. The editors wish to thank the contributing authors for their enthusiasm and for devoting their time and expertise to this volume. We also wish to acknowledge several anonymous referees who provided constructive and insightful comments and suggestions, which have greatly enhanced this work. A number of individuals at Edward Elgar gave us encouragement and support for this book, from the kernel of the idea to the fruition. We are particularly grateful to Alex O'Connell, Harry Fabian, Sue Sharp and Caroline Cornish at Edward Elgar, and to our copy-editor, Carol Lucas, for their efficient and effective handling of every aspect of the manuscript and the publishing business.

This book is dedicated to our families, as a gesture of compensation to make up for the time spent away from them as we worked on this volume.
