Index 549

UN Security Council
- breaking link between natural resources and violent conflicts 99–105
- certification schemes/Kimberley Process 100, 101
- due diligence mechanisms, incorporating 102–4
- enforcement measures/sanctions regimes 100–101, 104
- environmental dimension of resource-related conflicts 104–5
- expert reports on causes of conflicts 100
- legal basis for role in addressing resource-related conflicts 100
- regulating conduct of companies from outside region 102–4
- structural reforms, promoting 101–2
- targeting of entities and individuals in illegal trade 102
- potential role of Security Council/international law in conflict prevention 105–6
- primary responsibility for maintaining peace and security 99
- resource-conflict nexus and resolutions of Security Council 98–9

UN Watercourses Convention 306, 307
- ecosystems obligations 320
- ensuring adequate supplies of drinking water 323
- Ramsar Convention, and 320
- recourse for adversely affected individuals/communities 321
- States having regard to vital human needs 322–3

UNCLOS
- coastal States
  - EEZ 182
  - innocent passage 184
  - sovereignty of 183, 184
  - EEZ 178
- coastal states, rights of 182
- fisheries management in 184–90
- over-exploitation, preventing 20
- fisheries management
  - coastal States’ areas 183–4
  - EEZ, in 184–90
- management-oriented approach
  - interrelated with zonal approach 182
- fisheries management in EEZ 184–90
- enforcement and dispute settlement 189–90
- fisheries management parameters 185–6
- maximum sustainable yield (MSY) 185–6
- petroleum deposits relating to offshore boundaries, regulation of 247
- special rules concerning particular categories of fish stocks 188–9
- total allowable catch (TAC) 185, 186
- high seas fisheries, regulatory regime for 372–4
- definition of high seas 372
- exclusive jurisdiction of Flag State 372–3
- MSY, securing 373
- obligation to cooperate 373–4
- see also high seas fisheries
- Law of the Sea Tribunal and UNCLOS
  - arbitral powers 462–4
- marine genetic resources of areas beyond national jurisdiction 416–18
- pollution, reduction/control of 183
- protection and conservation of marine species/environment 178, 182–3
- regulating rights/obligations in maritime zones 182
- seabed/Area, mining in 341
- sovereignty, constraints on 20
- sustainable use obligations 20
- territorial sea
  - fishing activity 183–4
  - innocent passage, right of 183–4
- UNCTAD 43
- UNECE Water Convention 306, 307
- UNESCO
  - law-making 456–7
  - World Heritage Convention see World Heritage Convention
- Universal Declaration on Human Rights 459
- cultural rights 79
- right to property 141

Voluntary Guidelines on Responsible Governance of Tenure of Land, Fisheries and Forests (VGGT) 152–4
- extensive guidance on multiple aspects of land governance 153
- forest-dependent peoples’ rights 161
- high level political support for 152, 154
- land-based investments, guidance on 154
- land redistribution and restitution, guidance on 154
- ‘legitimate tenure rights’ as central pillar of 153–4
- limitations of 154
- non-binding nature of 153, 154
- significance of 154
