

Acknowledgments

We sincerely thank Professor Sir Cary Cooper for his insightful suggestions and helpful guidance. We greatly appreciate the efforts made by our authors who shared their insights, reflective thoughts and expert knowledge by contributing the forewords and individual chapters. We also thank many scholars, including Norris Krueger and Daniel Garst, who provided helpful comments and feedback.

The institutional support from Birmingham Business School and the Center for China and Globalization is gratefully acknowledged. Francine O'Sullivan and Aisha Bushby from Edward Elgar Publishing provided valuable editorial advice and support. Last but not least, all the help and support we received from scholars, colleagues and friends smoothed the process of accomplishing this book. Thank you all.
