PART II INNOVATIONS IN DATA SOURCES	
5 Using legal research methods in human resource management research <i>Richard Johnstone</i>	61
6 The use of news media as a data source in HRM research: exploring society's perceptions <i>Sheryl Ramsay, Sara Branch and Jacqueline Ewart</i>	74
7 Netnographical methods and the challenge of researching hidden and secretive employee social media practices <i>James Richards</i>	92
8 Doing historical research in human resource management: with some reflections on an academic career <i>Peter Ackers</i>	106
9 Thinking about philosophical methods in human resources <i>Kerrie L. Unsworth and Matthew T. Hardin</i>	121

PART III INNOVATIONS IN DATA COLLECTION  
METHODS

- 10 An experiment with “the miracle question”: an innovative data collection technique in HR research 137  
*Keith Townsend*
- 11 Using photo-elicitation to understand experiences of work–life balance 146  
*Catherine Cassell, Fatima Malik and Laura S. Radcliffe*
- 12 Using qualitative repertory grid interviews to gather shared perspectives in a sequential mixed methods research design 163  
*Céline Rojon, Mark N.K. Saunders and Almuth McDowall*
- 13 Free verbal associations: measuring what people think about employee participation 179  
*Werner Nienhüser*
- 14 Using qualitative diaries to uncover the complexities of daily experiences 191  
*Laura S. Radcliffe*
- 15 Autoethnographic vignettes in HRM 205  
*Mark Learmonth and Michael Humphreys*

PART IV INNOVATIVE DATA ANALYSIS

- 16 Computer-supported qualitative research 221  
*Julie Cogin and Ju Li Ng*
- 17 Cross-cultural HRM research: the potential of causal cognitive mapping 235  
*Gail Clarkson*
- 18 Deriving behavioural role descriptions from the perspectives of job-holders: an illustrative example 245  
*Richard Winter*
- Index* 263
