PART I SETTLEMENT HISTORIES AND THEIR REPRESENTATIONS

1	Introduction: settlements at the edge <i>Andrew Taylor</i>	3
2	The dynamic history of government settlements at the edge <i>Lee Huskey and Andrew Taylor</i>	25
3	Boom back or blow back? Growth strategies in mono-industrial resource towns – ‘east’ and ‘west’ <i>Gertrude Saxinger, Andrey Petrov, Natalia Krasnoshtanova, Vera Kuklina and Doris A. Carson</i>	49
4	International migration and the changing nature of settlements at the edge <i>Kate Golebiowska, Tom Carter, Alicia Boyle and Andrew Taylor</i>	75
5	Gender matters: the importance of gender to settlements at the edge of the Nordic Arctic <i>Lisbeth Harbo and Johanna Roto</i>	98
6	Place-based planning in remote regions: Cape York Peninsula, Australia and Nunavut, Canada <i>Sharon Harwood, Ed Wensing and Prescott C. Ensign</i>	124

PART II UNDERSTANDING SETTLEMENT POPULATIONS IN SPARSELY POPULATED AREAS

7	Sources of data for settlement level analyses in sparsely populated areas <i>Paul Peters, Andrew Taylor, Dean B. Carson and Huw Brokensha</i>	153
---	--	-----

- 8 New mobilities – new economies? Temporary populations and local innovation capacity in sparsely populated areas 178
Doris A. Carson, Jen Cleary, Suzanne de la Barre, Marco Eimermann and Roger Marjavaara
- 9 Land rights and their influence on settlement patterns 207
Jan Salmon and Wayne Edwards
- 10 Re-evolution of growth pole settlements in northern peripheries? Reflecting the emergence of an LNG hub in Northern Australia with experiences from Northern Norway 220
Sveinung Eikeland, Trond Nilsen and Andrew Taylor
- 11 Contemporary Aboriginal settlements: understanding mixed-market approaches 246
Judith Lovell, Don Zoellner, John Guenther, François Brouard and J.J. McMurtry
- 12 Modelling settlement futures: techniques and challenges 270
Paul Peters, Andrew Taylor, Dean B. Carson and Andreas Koch
- PART III FUTURE PROSPECTS FOR SETTLEMENTS AT THE EDGE**
- 13 Climate change and settlement level impacts 293
Deanne Bird, Robert McLeman, Guðrún Gísladóttir, Ilan Kelman, Marius Warg Næss, Guðrún Jóhannesdóttir and Guðrún Pétursdóttir
- 14 Recruitment and retention of professional labour: the health workforce at settlement level 320
Dean B. Carson, Elizabeth Wenghofer, Patrick Timony, Adrian Schoo, Peter Berggren, Brian Charters, Daniel R. White, Ana Vuin and Jaimee Garrett
- 15 Renewing and re-energizing settlements: a role for tourism? 337
Bruce Prideaux, Michelle Thompson and Sharon Harwood
- 16 The local demography of resource economies: long-term implications of natural resource industries for demographic development in sparsely populated areas 357
Dean B. Carson, Peter Sköld, Doris A. Carson and Lena Maria Nilsson

17	Entrepreneurship and innovation at the edge: creating inducements for people and place <i>Prescott C. Ensign and Odd Jarl Borch</i>	379
18	The ultimate edge: the case for planning media for sustaining space communities <i>John Cokley, William Rankin, Marisha McAuliffe, Pauline Heinrich and Phillipa Hanrick</i>	405
19	Conclusion <i>Dean B. Carson</i>	427
	<i>Index</i>	435
